MAKE THE PATH

YOU TAKE.

NOW'S THE TIME. Time to make your time work for you. At Miami Regionals, we're ready to shape your education and help you to keep pushing forward. Through flexible classes taught by outstanding professors. And with exceptional support every step of the way. Whether you decide to learn with

us on campus or online, our goal is to provide you with powerful degree options and all of the resources you need to unlock your potential. Let's do this, together. You design a path that works with your schedule—that fits your life—

we'll make it possible.

***GOOD FOR YOU,
→ OHIO,
THE NATION.***

Every day, all day, we're helping students get an education and get to work in Ohio and beyond. Fact is, every degree we offer was created to benefit both you and the communities we serve. Designed to be accessible, affordable, flexible and loaded with powerful support to meet students' needs. *And* crafted to meet the specific demands of communities—your communities—across the region. As well as those across the state and throughout the nation.

SEE FOR YOURSELF.

Explore the following pages. We provide high-demand education options, so our graduates will find themselves in high demand by employers near and far. Last year, 100 percent of our Engineering Technology and Criminal Justice graduates were employed upon graduation. Then there's nursing. It's not just one of the highest job growth sectors in Ohio—it's one of the highest in the nation. And across all disciplines, nearly 98 percent of our 2014-2015 grads found themselves employed or continuing their education in 2015-2016. Because we offer powerful, relevant degrees so you can get in, get out and get on with the next stage of your career.

CHANGE YOUR LIFE IN A **MAJOR** WAY.

Every Miami education is built on a rock-solid foundation of liberal arts. Because we don't believe in just preparing you for today—we believe in preparing you for life. You'll leave here broadly knowledgeable about the world. With a greater understanding of arts and sciences. With a global perspective on people and places—what makes them similar, what makes them different. And, importantly, you'll learn to think critically, reason effectively and research, write and communicate clearly. No matter your life path, your age or your background. No matter where you go or what you do. You'll be ready to take on just about anything that life, or a future employer, throws at you.

**There are a few things you can always count on.
A Miami degree is one of them.**

FOR BUSINESS MINDS

Department of Commerce

Our dedicated faculty bring a wide range of business experience right into the classroom. And teach practical business skills that prepare you to thrive in any modern workplace. Making you employable immediately after graduation.

- B.S., Commerce
 - Small Business Management
- A.A.S., Accounting Technology
- A.A.S., Business Management Technology
- A.A.S., Digital Business Systems
- A.A.S., Marketing Management Technology

FOR TECHNICAL MINDS

Department of Computer & Information Technology

Local businesses and industries need highly qualified graduates who can speak the language of technology. So we train them. To plan and support hardware and software infrastructure, and to keep data safe and streaming and complex systems humming along 24/7.

- B.S., Health Information Technology
- B.S., Information Technology
- A.A.S., Computer and Information Technology
- A.A.S., Computer Technology

FOR IMAGINATIVE MINDS

Department of Social and Behavioral Science Department of Humanities and Creative Arts Department of Education and Society

Teachers, analysts and researchers. We train a variety of essential boots-on-the-ground professionals. Experts who provide valuable services and impact the lives of people throughout our communities. In big ways, little ways and absolutely necessary ways—every day.

- B.S., Applied Social Sciences
 - Applied Social Research
- B.A., Psychological Science
- B.A., Community Arts
- A.A.S., Pre-Kindergarten Education

DEGREES DESIGNED WITH YOU IN MIND.

FOR INQUIRING MINDS

Department of Justice & Community Studies

Maybe you've noticed, the world isn't perfect. But we're helping improve the system by training graduates to lead—ethically, with authority. Who know how to uncover the truth. Navigate our justice system. Protect. Serve. And enforce our laws.

- M.S., Criminal Justice
 - Administration
 - Crime Analytics
- B.S., Civic and Regional Development
- B.S., Criminal Justice
- B.S., Forensic Investigation
- B.S., Forensic Science
- A.A., Criminal Justice

FOR COMPASSIONATE MINDS

Department of Nursing

Health professionals are in high demand everywhere. Across Ohio. Across the nation. It's the reason we've created such a robust, nationally recognized nursing program. We're just doing our part to help make sure the state has the vital resources it needs. People like you—who want to earn a great living and become part of the solution.

- B.S.N., Nursing
- R.N.-B.S.N., Nursing

FOR ENGINEERING MINDS

Department of Engineering Technology

The world will always need engineers. Now and forever. Highly skilled professionals who know how to keep the world processing and producing. To keep the lights on, the cogs turning and systems in check. If you're ready to take on one of the most stable careers on earth, we're ready to take you there.

- B.S., Electrical and Computer Engineering Technology
- B.S., Electro-Mechanical Engineering Technology
- B.S., Mechanical Engineering Technology
- A.A.S., Electrical and Computer Engineering Technology
- A.A.S., Mechanical Engineering Technology

FOR INSPIRED MINDS

Department of Interdisciplinary & Communication Studies

Know what employers want? Broadly knowledgeable employees who can communicate clearly, think critically and solve complex problems on the spot. And that's exactly why we offer programs designed to teach you a little bit about everything. Making you ready for anything—and extremely employable.

- B.A., Communication Studies
- B.A., English Studies
- B.S., Health Communication
- B.A., B.S., Liberal Studies
- B.S., Integrative Studies
 - Applied Kinesiology
 - Applied Sociology
 - Child Development
 - Contemporary American Experience
 - Cross-Cultural Leadership
 - Environmental Studies
 - Families, Gender, and Society
 - Geographic Information Science
 - Health Care Administration
 - Information Technology Strategy for Organizations
 - Organizational Leadership
 - Personal Community Health Perspectives
 - Understanding Media and Visual Culture
 - Self-Designed Concentration

A MIAMI UNIVERSITY DEGREE A LIFETIME OF SUCCESS.

We're proud to currently provide 16 forward-focused bachelor's degree options across our regional campuses in Southwest Ohio and online—with more to come. Classes are taught by distinguished professors ready to ignite your passions, challenge you through discovery and guide you along your path to success. So you can take charge of your future, earn more, start or change your career and give your life the powerful lift you've been looking for.

YOUR PATH TO OXFORD.

Even with a variety of outstanding bachelor's degree options at Miami Regionals, you may find yourself wanting to explore an even greater range of disciplines and degrees. So keep in mind that starting here and then relocating to the Miami University main campus is an option. **Talk to an advisor about creating your path to Oxford.**

PRE-PROFESSIONAL PREPARATION

Choose from the majors listed, then work with a faculty advisor to design your course of study. Miami offers preparation in:

Dentistry	Optometry
Environmental Studies/Forestry	Pharmacy
Law	Physical Therapy
Medicine	Veterinary Science

*Co-Majors

These majors are a special category called "Co-majors." First, you must enroll in a primary major, then you can select a co-major as a complement to your major.

Our list of majors and minors continues to evolve, so please **visit [MiamiOH.edu/regionals/majors](https://miamioh.edu/regionals/majors)** for details and descriptions.

Some programs are competitive and selective and have separate admission requirements.

FROM WHERE YOU ARE →

→ **TO WHERE YOU WANT TO BE.** →

HIGH SCHOOL STUDENTS

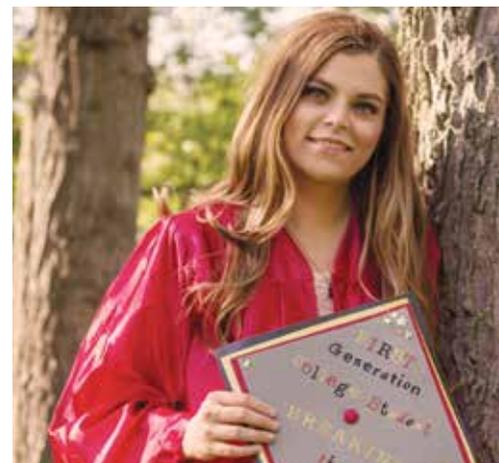

Wherever life takes you, the journey starts here. With a college experience that empowers you to take advantage of every opportunity the future brings, while still getting the most out of today. We offer many of the things you'd expect from a conventional college education—athletic teams, clubs, student services, honors programs, study abroad—within the framework of a local college ecosystem. Where you can get your degree conveniently close to home.

WHEN I CAME TO MIAMI HAMILTON, IT WAS LIKE SOMEONE HAD THROWN ON A GIANT WELCOME SWITCH JUST FOR ME. I FELT INSTANTLY AT EASE. MIAMI IS SO AMAZING AND PROFOUND. I CAN'T HELP BUT GROW.

—KENZIE BRYANT, '17

TRANSFER STUDENTS

You've already worked hard, passed exams, earned credits and completed projects. Don't stop now. Complete your bachelor's degree and keep your career growth on track. When you transfer, we can help you transfer some or all of your previous credits along with you. It's just one way we help you make a smooth transition and continue your educational journey. One that challenges you to explore exciting new options. With a clearer, often quicker path to the future you've been working toward all along.

Amberly Larkin, '16

Nursing

Like many first-generation students, her family couldn't really help her prepare for college. Fortunately, one of her high school teachers encouraged her to push on and chase her dreams. And today she's doing just that.

"I DIDN'T REALLY KNOW WHAT WAS OUT THERE, BUT IT WAS CLOSE BY, SO I COULD STILL LIVE AT HOME. I WENT WHERE I FELT COMFORTABLE, AND I'M SO GLAD I'M HERE."

ADULT LEARNERS

Thirty-five percent of our students are age 23 and older. So we know how important it is for you to be able to fit your education around your life, and not the other way around. That's why we do most of the flexing—we offer daytime, evening and online course options—making it easier for you to achieve your goals.

"I WASN'T SCARED OF WORKING THE NIGHT SHIFT IN THE POLICE DEPARTMENT IN HOUSTON, BUT I WAS SCARED OF GOING TO COLLEGE. MY PROFESSOR HELPED ME BELIEVE I COULD DO THE THINGS I FORGOT I COULD DO."

—APRIL JONES, '18

ONLINE STUDENTS

We enable you to reach higher, by providing you with access to ultra-flexible, high-quality courses and even full degrees online. Our E-Learning program is consistently ranked as one of the best online schools in Ohio—with the advantage of also being regionally accredited. A powerful combination empowering you to earn a widely recognized Miami University degree wherever you are. On your terms. On your timeline.

WE'VE GOT YOUR SIX.

WE'RE HONORED BY THE SERVICE OF OUR VETERANS.

And we're proud to have been designated a "Purple Heart University" by the Military Order of the Purple Heart—in the top 15 percent of universities embracing America's military servicemen and servicewomen—for providing outstanding academic and personal support to those who've served. Through resources like our Center for Veterans Services. Located on the Hamilton and Middletown campuses, this center provides support for the best possible college experience and future success for our student veterans and their families as they transition to civilian life, seek financial assistance and navigate the challenges of higher education.

Quentin Jones, '18

United States Army
Integrated Social Studies—Education

Quentin wasn't sure he'd ever step foot in a classroom again after high school. But four years of serving in the military, which involved deployments in Iraq and Kuwait, taught him that he was ready to take on anything. So he embarked on a new path at Miami Hamilton and is now studying to become a high school teacher—a choice he says took many people by surprise. Quentin loves the small-town atmosphere at Miami Regionals, meeting other nontraditional students and serving as Miami Hamilton's student veterans representative and as the president of the Student Veterans Association. "It goes back to wanting to help people," he said, "and the veterans are my kind of people."

Questions? Reach out.
RegVeterans@MiamiOH.edu

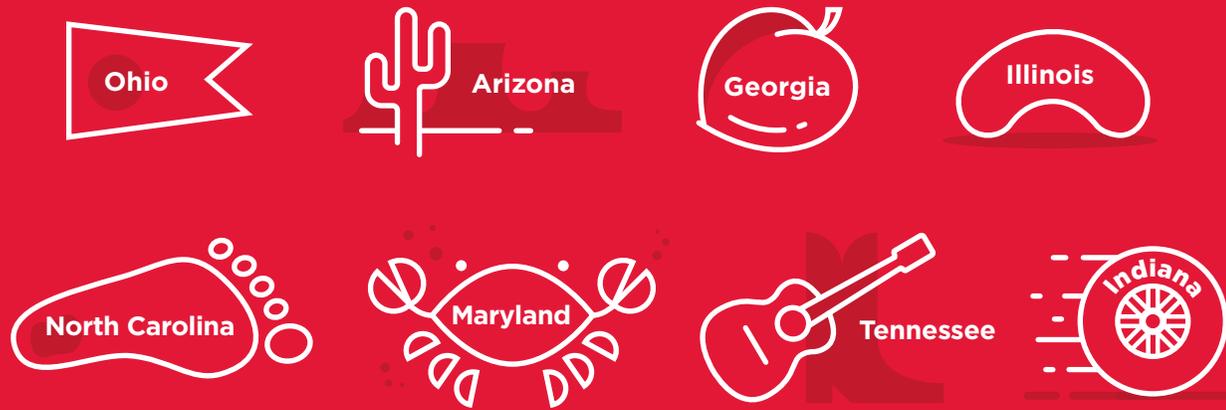

Jessica Rollins, '16

United States Navy
Liberal Studies

When Jessica served in the Navy, she noticed that many of her fellow servicemembers were struggling with addiction, and she wanted to help. After settling in Ohio with her husband and three children, Jessica began her path toward a career in addictions counseling for servicemembers and veterans—starting with a liberal studies degree at Miami Hamilton. With the campus located just five minutes from her house, a diverse student body, and wonderful professors in the Department of Interdisciplinary and Communication Studies, Miami was an easy choice for her. While she was here, she got involved in the Student Veterans Association and the Campus Kids program, where she took her youngest child. She even gained work experience while pursuing her degree—something Miami's flexible schedules made possible.

"SINCE MIAMI WAS FIVE MINUTES FROM MY HOUSE, I COULD GET MY DEGREE AND DO WHAT I WANT TO DO AND MOVE ON WITH MY LIFE."

**EXPECT THE
UNEXPECTED
ALONG THE WAY.**

When you set out toward your goal at Miami Regionals, there's no telling what else you'll explore along the way. Like a world of exotic plants thriving underneath 11,000 square feet of glass in the middle of Ohio. It's The Conservatory at Miami Hamilton, and when you take courses like botany, ecology, zoology or even graphic arts or photography, it's your resource for research and inspiration.

What will you discover on your path?

MIAMI HAMILTON

DR. MARK KREKELER
Associate Professor of Geology
and Environmental Earth Science

Who knew the yellow painted stripes down the middle of the road could be harmful to river inhabitants? Dr. Krekeler and his students, that's who. It's one of the many research discoveries in Mineralogy and Environmental Science they've made over the years. He encourages new thinking. And collaboration. Especially between undergraduate and graduate students. Teams formed here frequently go on to present their projects at regional and national scientific conferences.

"I think of Miami Hamilton as the smart school. Convenient, economical and a great education. Students come here from all walks of life, and we are united in our desire to improve our lives."

—Jaree Naqvi, '15
accepted to medical
school in 2016

**32 MILES FROM
CINCINNATI.
A WORLD AWAY
FROM ORDINARY.**

A small campus with huge impact—in the heart of Butler County, just blocks away from shops, dining, art, cultural events, businesses, government agencies and nonprofit organizations. This is where nearly 5,000 students are free to learn, grow and expand their horizons. It's an incubator for problem-

solvers, innovators, community leaders and specialists in the region. With a world-class conservatory (containing the largest collection of exotic plants in Butler County), a modern conference center and a 56,000-volume library, it's where you'll find countless ways to enhance your educational journey.

WHERE CULTURE AND COMMUNITY MEET IN THE MIDDLE.

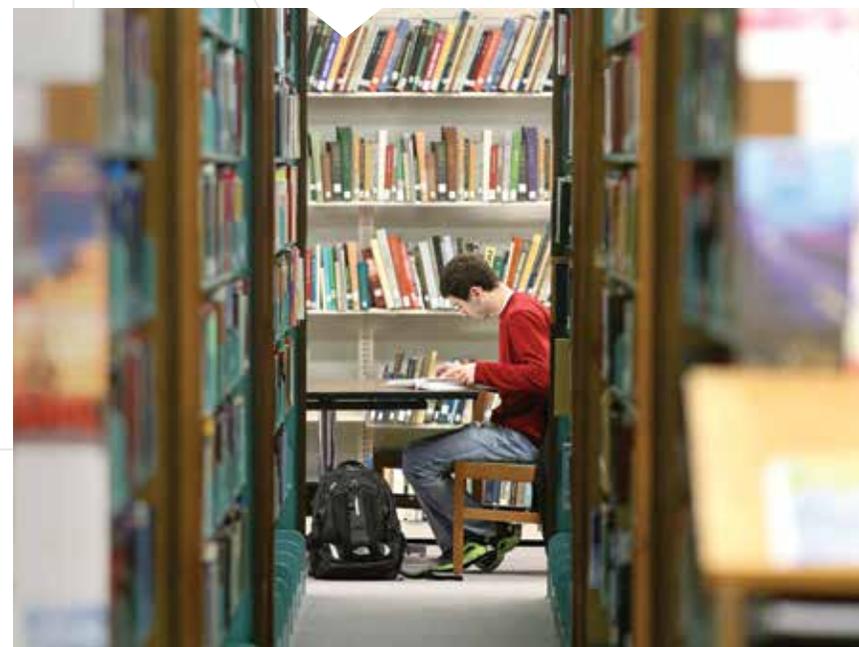

A short 35-minute drive from Dayton, you'll find our first regional campus. Which also happens to be the very first regional in Ohio—for any university. Established in 1966, this campus is nestled in 141 acres of tranquil woods not far from the lively heart of Middletown, a city known for its festivals, sports tournaments and theater productions. Miami Middletown is a spirited community of more than 3,000 passionate

individuals, which includes a vibrant population of international students. Well-equipped with everything you need, this is an outstanding place to settle in, and to open your mind and search for big ideas. An ideal place to kick-start your education in one of our nationally ranked programs, or get off the main road and design your own path to a new career. **A new you.**

DR. JANET MARSHALL

Lecturer, Department of Chemistry and Biochemistry

Professors at Miami Regionals are always looking for ways to make the classroom more engaging. Like Dr. Marshall, who won a statewide outstanding teacher award for 2014-2015. She uses iPad applications to model chemical compounds and experiments, visually bringing organic chemistry to life for students. Professor Marshall even developed a popular new course on chemistry and food. And because her teaching style is so effective, many of her students go on to graduate programs and score above the 90th percentile on the American Chemical Society's national exam.

"I came out of Miami well-prepared. And that preparation began with the foundation I received from the Middletown campus."

—Brian George, '16

GREENTREE HEALTH SCIENCE ACADEMY IN MIDDLETOWN

A SHORT COMMUTE TO A LIFELONG CAREER IN HEALTH CARE.

Located just off I-75 in Middletown, you'll find what you're looking for. A resource for students of all ages. Where they can reinvigorate their careers in healthcare and science. It's the Greentree Health Science Academy, a contemporary facility well-

equipped with all of the labs, classrooms and resources to support our highly regarded B.S.N. and R.N.-to-B.S.N. programs. Here you'll be surrounded by supportive faculty and driven peers all working toward their goals.

MEET US HALFWAY.

Located midway between Cincinnati and Dayton, this center is a modern, 23,000-square-foot facility where undergraduate students can complete general education Global Miami Plan courses and graduate students can focus on

business and education programs. An alternate location that provides you access to the high quality resources you need, including meeting rooms, study nooks, computer labs and a 152-seat auditorium.

VOICE OF AMERICA LEARNING CENTER IN WEST CHESTER

MIAMI REGIONAL E-LEARNING

CONVENIENTLY CLOSE TO WHEREVER YOU ARE.

Our online-learning program is designed to bring you high-quality online coursework directly from Miami's curriculum. Whether you're a full-time student, a working professional or a stay-at-home parent, you can receive rigorous, engaging, interactive instruction that will challenge you and prepare

you for the future. With the latest instructional design and online-course room features, our online courses meet or exceed national success rates for both online and traditional courses. In other words, you'll get exactly what you expect from a top-ranked university with a long, impressive academic tradition.

LOCATION, LOCATION, LOCATION. AND WiFi.

Our geographic reach expands all across Southwest Ohio. Our virtual reach expands worldwide—online. So you can finish a bachelor's degree right where you want to, wherever you are.

SHUQIN "AZURA" ZOU, '18
Education

From China, to Middletown, to Oxford. She came to Miami Middletown to launch her college career, take some core classes and hone her communication skills. Next step, finish her degree at the Oxford campus.

DON'T KEEP YOUR FUTURE WAITING.

You may not know what your path looks like yet. Whether it'll be a direct path—straight and narrow—or an amazing, winding exploration through your passions that leads to a new career or a new life. But you know you want to get started, right? So let's start there. You will have lots of opportunities to figure out the rest as you go.

MiamiOH.edu/regionals/apply

VISIT

Any time is the right time to visit, but some times are a little better than others. For example, during one of our popular tour events we offer throughout the year. Plus, there's an added bonus: if you complete your application while taking one of our official tours, we'll waive your \$35 application fee.

CAMPUS PREVIEW DAYS

We offer opportunities to take "all-inclusive" two-hour campus tours throughout the year. This is your chance to learn about our academic programs and get introduced to the many student-centered services available to you.

TALK AND TOUR

Looking for a more personal tour experience? Maybe one of our hour-long, small-group tour experiences is right for you. With a warm beverage of your choice in hand, you will have the opportunity to chat with an admission counselor and tour the campus.

Find dates and times, and register for a tour today.

MiamiOH.edu/regionals/visit

CHECK YOURSELF

You're just a few steps away from making a world of difference in your world. This checklist will help you remember each step in the admission process.

ADMISSION CHECKLIST

APPLY

Go to MiamiOH.edu/regionals/apply to submit an online application by the deadline for the term you want to start.

OFFICIAL TRANSCRIPTS

Arrange for schools or colleges to send official transcripts directly to the Regionals campus you intend to apply to.

- Official high school or GED transcript
- Official transcript(s) from previously attended colleges(s) (if applicable)

STANDARDIZED TEST SCORES

Arrange for your ACT or SAT scores to be sent directly from the testing service. Designate Miami Regionals as one of the schools to which scores should be sent. Our ACT Codes are **Hamilton: 3303, Middletown: 3299**. Our SAT Codes are **Hamilton: 1526, Middletown: 1509**.

Note: If you have been out of high school for two years, these scores are not required.
