PREDICTABILITY & ASSURANCE

MIAMI UNIVERSITY

OXFORD, OH • EST. 1809

2019-2020

AN INVESTMENT THAT PAYS DIVIDENDS FOR A LIFETIME

We understand that choosing a college is one of the most important decisions you and your family will ever make. That's why we offer an extra layer of assurance: Miami's Tuition Promise.

It's our guarantee to all first-time undergraduate students and their families that tuition (instructional fee and general fee), room and board, special purpose fees, and course fees will be frozen, making them completely predictable for four years.

With this additional level of certainty, you and your family will be able to confidently plan your financial investment in a Miami University education. And you can rest assured that your renewable scholarships and financial aid dollars will maintain their value over the four years of your Miami experience.

COMMITTED TO SUCCESS FOR ALL STUDENTS

Who qualifies for Miami's Tuition Promise?

Miami's Tuition Promise applies to first-time undergraduate students — both Ohio and non-Ohio resident first-year, transfer, or international students who enroll in a degree-seeking program on Miami's Oxford campus.

How long does Miami's Tuition Promise last?

The four academic years of the tuition promise include eight consecutive semesters, in addition to four winter and four summer terms. Tuition is set by Miami's Board of Trustees each academic year and guaranteed regardless of enrollment status (full- or part-time or not enrolled) for eight consecutive semesters for each entering cohort. Winter and summer terms are charged separately based on the guaranteed cohort per-credit-hour rate.

MAKING THE COST OF COLLEGE PREDICTABLE

What is included in Miami's Tuition Promise?

The program covers tuition (instructional fee and general fee), room and board, special purpose fees, and course fees. Fees are charged to all students for non-instructional services and programs on campus, such as student life facilities, programs, and transportation. Special purpose fees help defray the cost of some specialized academic programs, and course fees may offset the cost of instructional materials or other costs associated with the course.

What costs are not included as part of Miami's Tuition Promise?

Other fees and charges incurred by students for items such as vehicle registration, textbook purchases or rentals, and library and parking fees and fines, are excluded from the guarantee program and may be subject to price changes. Miami University seeks to limit increases to these costs.

Are room and board included?

Room and board, often referred to as housing and meals, are also fixed for each cohort. Students pay a fee based on the housing and meal plan selected. If a student chooses a different residential or meal plan option after enrolling, the fixed cost will be adjusted based on the rates set at the time of initial enrollment.

Immerse yourself in a residential campus.

All full-time, first- and second-year students are required to live on campus through the spring semester of their second academic year of enrollment. Visit [MiamiOH.edu/housingpolicies](https://miamioh.edu/housingpolicies) for more information about Miami's housing policies.
