Motor Vehicle Permits

Scope: Who is Covered by this Policy?
Employees, Students, Vendors and Visitors

Policy

Permit Required

A permit is required at all times to park in a University parking lot or on a University drive, except as noted in these regulations. No permit is required for daytime parking in the garages or at parking meters in pay-to-park areas; fees for facility use must be paid. A permit is required to park on city streets that run through or adjoin campus from 7:00 a.m. to 6:00 p.m., Monday through Friday. At other times a permit is not required to park on city streets that run through or adjoin campus.

Miami University uses license plate recognition (LPR) technology to assign parking privileges to motor vehicles. Vehicle license plates must be properly registered or a vehicle will not be recognized as having permission to park on campus. Physical parking permits are not distributed for use on the Oxford campus. Vehicles must be parked so that an unobstructed view of the vehicle’s license plate is visible to the drive aisle so that vehicle-mounted LPR cameras can read license plates.

Permit Eligibility

First-year students are not permitted to bring a car to campus without express University authorization (exceptions listed below). Sophomores, juniors, and seniors are permitted to bring a car, but are required to register the vehicle with the University and obtain a parking permit.

Currently-enrolled Miami students are not eligible to purchase or use RED parking permissions intended for faculty, staff and visitors.

How to Apply for a Permit
Students, faculty, and staff may apply for a permit and obtain a copy of the parking map through Parking and Transportation Services website or in person at Parking and Transportation Services. Each semester, for seven (7) calendar days after the start of classes, students may park in the Ditmer, Chestnut Fields, or west Millett parking areas without a permit. Visitors may apply for a permit in person or online; vendors and contractors may apply for a permit in person at Parking and Transportation Services. Some offices on campus may offer one-day visitor parking permits (see the section of this policy titled “Departmental Visitor Parking Permits”).

Students may not register vehicles belonging to other students unless they are siblings who are also Miami students. Students may register only one vehicle; to change vehicles the first vehicle must be removed from the parking account before adding another.

Faculty, staff, visitors, vendors, and contractors may not register vehicles belonging to students who are not immediate family members. Employees and visitors may register up to four vehicles to use the same permission; only one vehicle is permitted to park on campus at any time for each permission.

 Permit colors correspond to specific parking areas indicated on the parking map.

**Qualifications for RED Permit Parking**

1. Faculty
2. Staff
3. Graduate assistants
4. Visitors
5. Vendors
6. Contractor superintendents.
7. Parking and Transportation Services will confirm eligibility. A RED permit is restricted for use only by the individual to whom the permit is assigned.
8. A RED **hangtag** permit is transferable only to another vehicle being used by a faculty, staff member, or graduate assistant which has also been registered with Parking and Transportation Services.
9. A RED permit may park in any color (RED, BLUE, YELLOW, WHITE) parking area on campus at all times.
10. Employees may elect to form a carpool (2 employees) or vanpool (3+ employees) to reduce the cost of their RED parking permit. Each member of the
car/vanpool will receive 5 temporary daily parking permits per semester for the occasions when a car/vanpool is not convenient. Members of the car/vanpool are not eligible to purchase any other parking permits and must register with Parking Services to receive discounted parking rates.

11. Only one vehicle registered to a RED area parking permit is permitted to park on campus at a time unless a temporary daily parking permit has been purchased for the additional vehicle on campus or the additional vehicle is parked in a paid parking area (i.e. garage or parking meter). Each vehicle is subject to citation (Reproduction/Illegal use of Permit, $300) for violations.

Qualifications for BLUE Permit Parking

1. Graduate Students
2. Resident Advisors
3. Students with a demonstrated exceptional transportation need. See the section of this policy titled “Exceptional Transportation Needs”.
4. A BLUE permit is not transferable to another vehicle.
5. A BLUE permit may park in BLUE, YELLOW, or WHITE parking areas on campus during restricted hours.

Qualifications for YELLOW Permit Parking

1. Sophomore, junior or senior students who reside on campus or are eligible for one-semester or two-semester YELLOW residential parking permits.
2. Sophomore, junior or senior students who commute from the home of a parent or guardian are eligible for daily, one-semester or two-semester YELLOW commuter permits.
3. Students who reside off campus are eligible for daily YELLOW commuter permits.
4. First-year students whose permanent home address is more than 200 miles from the university are eligible for one-semester or two-semester YELLOW Millett lot permits.
5. All students are eligible to purchase up to four, one-week, YELLOW Millett lot parking permits per semester.
6. A YELLOW residential permit may park in the designated YELLOW lot for that 
permit at
any time and in red-permitted areas from 6 pm to 7 am on weekdays and all day on
weekends. (See signs posted in lots for permit eligibility). (See Special 
Circumstances
section below for exceptions.)

7. A YELLOW commuter permit may park in the designated commuter sections of any
YELLOW lot from 6 am to 2 am (no overnight parking in designated commuter 
spaces)
and in red-permitted areas from 6 pm to 7 am on weekdays and all day on 
weekends.
(See signs posted in lots for permit eligibility). (See Special Circumstances 
section below 
for exceptions.)

3.8. A YELLOW permit is not transferable to another vehicle.

4. A YELLOW permit may park in YELLOW or WHITE parking areas on campus 
during restricted hours.

Qualifications for WHITE Permit Parking

1. Faculty
2. Staff
3. Graduate assistants
4. A WHITE permit is transferable only to another vehicle being used by the faculty, 
staff member, or graduate assistant which has been registered with Parking and Transportation Services.
5. Only one vehicle registered to a WHITE area parking permission is permitted to 
park on campus at a time unless a temporary daily parking permit has been purchased for the additional vehicle on campus or the additional vehicle is 
parked in a paid parking area (i.e. garage or meter). Each vehicle is subject to 
citation (Reproduction/Illegal use of Permit, $300) for violations.
6. A WHITE permit may park only in WHITE parking areas on campus at all times.

Qualifications for TEMPORARY Permit Parking

1. A student may obtain up to four weeks of temporary permit privileges each 
semester.
2. Any student may obtain a temporary permit for his or her own vehicle only.
3. Temporary permits may be purchased through the online parking services portal.

Qualifications for GREEN Permit Parking

1. Regional campus students
2. GREEN hangtag permits may be obtained from the Office of Business Services on the regional campuses
3. A GREEN hangtag permit is transferable only to another vehicle being used by a regional campus student which has also been registered with Parking and Transportation Services.
4. A GREEN permit may park only on regional campuses at all times.

Exceptional Transportation Needs

Parking and Transportation Services recognizes that in some instances, there exist exceptional transportation needs for students who do not otherwise qualify to have a motor vehicle on campus or for an elevated level of parking privilege. To make an application based on an exceptional transportation need, students must provide a statement of need at the time of application along with any supporting documentation which will justify the request. If the conditions which permit the exceptional transportation need to be granted change or no longer exist, it is the responsibility of the student to notify Parking and Transportation Services of the change.

Conditions which will be considered as reasons for an exceptional transportation need request to obtain a YELLOW permit include:

1. Nontraditional student – Age 25 or married at time of registration
2. Distance – Permanent residence outside of a 200-mile radius of Oxford (not driving distance)
3. Regional campus class – Parking and Transportation Services will verify enrollment
4. Commuter Employment – Student who resides in the homeshall provide name and email address of supervisor for verification.
5. Health – A student with a medical need that requires the use of a vehicle
6. a parent Active military status

Conditions which will be considered as reasons for an exceptional transportation need request to obtain a BLUE permit include:
1. Graduate students

4.2. Non-traditional student – Age 25 or guardian married at time of registration

5.3. Internship – Qualifying internship – Student shall provide verification from the instructor indicating academic credit for the internship

6. Employment

4. Students enrolled in ROTC or similar military programs with ROTC classes at Miami University.

7.1. Health – A student with a medical need that requires the use of a vehicle

8. Military

Permit Revocation

Obtaining a permit by providing false information or violating this policy’s restrictions will result in revocation of the permit with forfeiture of the permit fee. Unauthorized transfer of a permit to another vehicle will result in revocation of the permit with forfeiture of the permit fee.

The permit holder shall notify Parking and Transportation Services of any change in the conditions under which the permit holder qualified for the permit and surrender the permit to obtain an exchange. Failure to report a change in qualifying conditions is a violation of the Motor Vehicle Regulations and will result in revocation of the permit with forfeiture of the permit fee. Parking and Transportation Services will work with individuals who need a parking privilege in the event their circumstances change.

Duration of Permits

Annual permits

Student permits: Valid from the first day of class in the fall semester through Monday following May Commencement.

Faculty, staff and graduate assistant permits: Valid from July 1 through June 30 each year.

Fall Semester permit: Valid from the first day of the fall semester through the first day of the spring semester.

Spring Semester permit: Valid from the first day after final examination week of the fall semester to the Monday following May Commencement.
Summer Term permit: From the Monday following May Commencement to the first day of the fall semester.

One-Week Temporary **YELLOW West Millett Lot** permit: Minimum of Up to seven calendar days from date of issue.

One-Day Temporary **RED** permit: Expires at 11:59 p.m. on the date of issue. Intended for visitors to campus and may not be purchased or utilized by currently enrolled students.

Special Circumstances

**Special Events**

Ordinarily, all permits are accepted in most areas of the Ditmer, west Millett, and Chestnut Fields parking lots. However, on dates of home football games, all student cars must be removed from the west Millett lot. Other special events may require removing vehicles from the west Millett lot or other parking areas on campus as needed. Advance notice will be provided by Parking and Transportation Services at least 72 hours in advance of such a need. Students may park in other student holding lots (Ditmer, and Chesnut Fields) on campus all day on those dates. Student vehicles may return to the west Millet parking lot on the day following a home football game. On home football game weekends, a permit is not required from noon Friday to 7:00 a.m. the following Monday.

**Log-In Privilege**

Students or employees who require a parking privilege that is not granted by their parking permit, including the use of service drives or loading areas, must call Parking and Transportation Services for permission prior to parking on campus. Telephone call (during office hours), voice mail, and email are all acceptable means of notification. The vehicle must have a valid parking permit in order to use this privilege. Students or employees with extenuating circumstances may receive permission to park on campus up to four times in the semester. If a parking citation is issued during the time of the log-in after permission has been granted, the student must call or present the citation on the date of issue or the next business day to request cancellation of the citation. Log-in privileges will not exceed 20 minutes in duration.

**Disabled Vehicles**

Please advise Parking and Transportation Services or the Miami University Police if your vehicle becomes disabled while parked on campus. Permit holders will be allowed 24 hours to have the vehicle removed from a restricted lot and will be responsible for citations issued to the vehicle in that lot after that time.
Tailgating Out of the Parking Garages

Only one vehicle may exit a parking garage per cycle of the garage gates. It is a violation of the Miami parking policy for a second vehicle to tailgate another vehicle out of the parking garage. The second vehicle is subject to a citation in the amount of the cost for a full-day stay in the garage. Security cameras and the garage systems note the time of tailgating occurrences. If one experiences a problem exiting the garage they should press the 24-hour intercom button to speak with a remote attendant.

Towing Vehicles

Miami reserves the right to tow a vehicle in certain limited circumstances when the vehicle is parked in such a way as to prevent or disrupt significant university operations. These circumstances may include relocating an illegally-parked vehicles which hinders traffic, blocks access to fire-hydrants/fire-roads, manholes or tunnel access, or other circumstances. Additionally, these circumstances may include towing a legally-parked vehicle if the vehicle is hindering access by emergency vehicles or maintenance or construction equipment. The university will make reasonable efforts to contact the drivers to have them move the vehicle prior to towing. If the driver is unable to be reached and/or move the vehicle in a timely fashion, the vehicle will be towed and more information will be provided by calling Parking Services at 513-529-2224.

Hazard Lights or Stopping and Standing

Use of vehicle hazard flashers or stopping and standing does not permit a vehicle to park in violation of posted restrictions and the parking policy. Violators may receive a parking citation even if hazard flashers are in use.

Handicap Accessible Parking

Handicap accessible parking is available throughout the campus. A valid Miami parking permit and a state-issued disability placard is required in order to park in a handicap accessible parking space in a campus parking lot or street adjacent to or running through the campus. Students with a Miami parking permit and a state-issued disability placard may park in any available handicap accessible parking space, regardless of the restriction on the remainder of the parking lot or area. Drivers must submit a photo of their state-issued ADA placard to Miami’s Parking Services Office.

Motorcycles, Motorized Scooters and Mopeds

All motorcycles, motorized scooters and mopeds must be properly registered with the Bureau of Motor Vehicles, have a valid University parking permit and park in a legal parking space. Only two motorcycles, motorized scooters or mopeds may occupy one
vehicle parking space. Motorcycles, motorized scooters and mopeds found in violation may be cited or impounded. Motorcycles, motorized scooters or mopeds may not park in bike racks, on sidewalks or in locations not marked as designated parking spaces.

Departmental Visitor Parking Permits

Departments and offices on campus may request an account from Parking and Transportation Services to issue visitor parking permits to their guests and University visitors subject to the following conditions:

1. Visitor parking permits are issued for only one day. Ranges of dates are not permitted. Visitors should be referred to Parking and Transportation Services to request permits for up to six months in duration.

2. Visitor parking permits may not be issued to or used by any Miami University student, faculty, or staff member.

3. Departments will be charged monthly for visitor parking permissions issued.

4. For large events, contact Parking and Transportation Services at least ten days in advance for assistance.

Violations of the conditions of use above may result in revocation of departmental permit account. Accuracy of the information recorded is essential to ensuring that guest vehicles are properly registered. Departments will be responsible for any fines that result from improperly registered vehicles.

Contractor/Vendor Parking Permits

All contractor vehicles (excluding cranes, dump trucks, front-end loaders, etc.) are to have a valid parking permit issued from Parking and Transportation Services while parked on campus outside of a designated construction site.

1. A specific number of RED permits will be approved for project supervisors, managers and foreman of the primary contractor. This permit may also be issued to vendors, time and materials contractors, and those with University approval.

2. All other construction personnel, contractors, and subcontractors may park in the Fryman parking lot on Bonham Road between 6:00 a.m. and 10:00 p.m. daily. No permit is required, and no vehicles or materials may be left in the lot overnight. Violations will result in citations and removal of vehicles and/or property at the owner’s expense. Transportation to and from the job site is the responsibility of the contractor.
Contractor/Vendor Parking Registration Forms may be obtained from and submitted to Parking and Transportation Services.
