Artificial Intelligence

6
7 X.1. The parties recognize that forms and uses of artificial intelligence (AI) and their impact
8 on the university workplace are evolving at a rapid pace. In order to enhance their ability
9 to respond and adapt to this change, the parties agree to develop, within six (6) months of
10 ratification of this contract, a memorandum of understanding (MOU) addressing the
11 impact of AI on the bargaining unit in our Labor-Management meetings as agreed to in
12 Article [Labor Management Meetings]. This work shall be ongoing and the Labor-
13 Management committee will have the authority and responsibility to modify the MOU,
14 where appropriate.15
16 X.2. The parties shall consider any recommendations by the AI Task Force.
