Majors: Public Administration, Diplomacy and Global Politics

When I was a freshman, I went to Mega Fair. Miami encourages people to go and just see if there are different student clubs and organizations that might interest them. And there were so many things I'd never heard of. And it was just amazing to see all these different people gathering in one space to do what they loved.

Top ranked for a reason

MIAMI IS A MEDIUM-SIZED SCHOOL WITH A BIG REPUTATION

for making undergraduates our top priority. That means you'll be mentored by nationally recognized faculty, involved in hands-on research, and connected to career opportunities.

Alongside courses in your major(s), you'll explore a wide range of subjects through the Miami Plan, honing skills employers need: superior communication, analytical reasoning, and problem solving.

Sustainability is a way of life

AT MIAMI, WE'RE MAKING CHANGES TO BETTER THE FUTURE FOR EVERYONE:

- Committed to carbon neutrality on the Oxford campus by **2040** — the earliest carbon neutrality target of any public university in Ohio.
- Miami has started producing electricity from solar power from our first two solar fields, part of the Sharon and Graham Mitchell Sustainability Park.
- Did you know that nearly half of our 2,000-acre campus is designated as forest? With nearly 1,000 acres and 17 miles of trails in our backyard, the Miami University Natural Areas are an invaluable resource for recreation, teaching, and research.

Tuition made transparent

Miami’s Tuition Promise ensures that most costs (including tuition, housing, food, special purpose fees, and course fees) for new undergraduate students are frozen for up to four years. **This means scholarships and financial aid retain their full value all four years.**

MERIT SCHOLARSHIPS

Priority Application Deadline: Dec. 1

Students who apply by Dec. 1 automatically receive full consideration for most Miami scholarships on our Oxford campus. No additional scholarship application is necessary. Learn more: [MiamiOH.edu/admission/merit-scholarships](https://miamiOH.edu/admission/merit-scholarships).

FALL 2026 MERIT SCHOLARSHIPS		
Weighted High School GPA*	Ohio Resident Annual Value**	Non-Ohio Resident Annual Value**
4.30+	Starting at \$4,000	Starting at \$15,000
3.95-4.29	Starting at \$3,000	Starting at \$10,000
3.75-3.94	Starting at \$2,000	Starting at \$6,000
3.50-3.74	Starting at \$1,000	Starting at \$4,000

*Miami uses the weighted GPA on a student’s transcript. If your school does not calculate a weighted GPA, Miami will recalculate your GPA for you, adding weight based on coursework difficulty. If you have taken rigorous classes, your recalculated GPA likely will be higher than your high school GPA.

**Scholarships are renewable for up to four years, provided students meet renewability requirements.

ADDITIONAL SCHOLARSHIPS

Miami also awards merit- and need-based scholarships based on factors such as an audition, portfolio, academic interest, athletic ability, and more. To maximize consideration for all scholarships and aid, apply for admission and **file a Free Application for Federal Student Aid (FAFSA)**.

NEED-BASED FINANCIAL AID

Financial need is determined by the FAFSA. To maximize consideration for need-based scholarships and financial aid, apply for admission and file a FAFSA by **Feb. 1**.

How to apply

Dec. 1, 2025, is the **priority deadline** to be considered for Miami’s merit scholarships and competitive programs, including Nursing, the Farmer School of Business, and the Honors College. Those who apply later will be considered for these opportunities as space and resources allow.

“I had no clue Miami was a thing because I’m from Maryland. The soccer coaches reached out to me, and my parents said, ‘Just go on a visit — you never know.’ When I came on campus, I thought, ‘Wow, this place is beautiful.’ It just had a different feel, since I’m from the city. I stepped on campus and got to meet people and professors. This feels like home.”
