DINING ACCOMMODATION NEEDS

- Miami Dining Services is committed to going above and beyond expectations to ensure students can dine safely on campus regardless of dietary needs. We assist students with a wide variety of dietary restrictions, including food allergies, intolerances, and medical needs, through a partnership with the Miller Center for Student Disability Services.

We have two registered dietitians on campus, and students can meet with them at no cost to discuss allergies, medical accommodations, or general nutrition questions by emailing DiningDietitian@MiamiOH.edu.

Students can access menus, nutritional information, hours of operation, locations, and event details through the Dine on Campus app and website. Additional resources and support are available on the Dining Services website through the Dietitian Hub.

■ Nut-Friendly Dining Commons

Miami University is a “nut-friendly” campus. This means that we do not use nuts in our recipes in the production of foods in our kitchens.

We do carry sealed nut products in our convenience stores and our “nut-friendly” initiatives do not apply to Starbucks, Panera Bread, or Chick-fil-A. Our menus are thoughtfully crafted to include options for those avoiding gluten and nuts, as well as for individuals following vegan or vegetarian diets. All dining commons areas are nut-friendly, so you can enjoy your favorite meals with confidence.

MEAL PLAN BASICS

■ Meal Plans

Depending on the level you choose, you'll receive a set number of meal swipes each week. Meal swipes are mainly used at the buffet-style dining commons, but some retail dining

locations offer a meal swipe equivalency — a set meal you can order in the Grubhub app at places like Bell Tower, Market Street at MacCracken, Patio Grill, Coaches Corner, and Martin Grill.

All markets also offer a Meals To Go program, where you can use one swipe for a ready-to-go breakfast, lunch, or dinner, including an entrée, side, and drink.

Unused meal swipes do not roll over from week to week. Students on the Diplomat Minimum, Plus, and Standard plans receive a special bonus week — an extra week's worth of swipes that do roll forward throughout the semester.

Your meal plan also includes Dining Dollars, which can be used at various dining locations on campus. For continuing students, any unspent Dining Dollars automatically transfer to your plan for the next semester. We recommend monitoring your balance regularly and budgeting carefully, especially if you plan to add more funds before the end of the semester.

Meal plans are designed to give you flexible dining options all semester long. If your current plan isn't the right fit, you can change it until the first day of the semester (fall and spring) by logging into your housing portal or contacting the Campus Services Center at CampusServicesCenter@MiamiOH.edu

■ Meal Swipes

Meal swipes are primarily used at the buffet-style dining commons, where one swipe covers all-you-care-to-eat food and drink during your visit. If you run out of meal swipes, you can still pay with Dining Dollars or a credit/debit card.

■ Meal Swipe Equivalencies

Select campus dining locations, including Bell Tower, Market Street at MacCracken, Patio Grill, Coaches Corner, and Martin Grill, offer hot meals that can be ordered ahead using a meal swipe in the Grubhub app. These convenient options give students added flexibility to enjoy quick, satisfying meals on

the go. Look for the meal swipe equivalency menu when ordering in the Grubhub app or at a kiosk inside the dining location.

■ Meals To Go Program

For quicker on-the-go options, all market locations offer Meals To Go that can be purchased with one meal swipe. Meals To Go are available for breakfast, lunch, and dinner and includes the choice of any Sprig & Sprout entrée (marked with a green sticker), piece of fruit or 1.5 oz bag of any flavor Frito-Lay chips, and Miami bottled water. Made-without-gluten options are also available.

■ Dining Dollars

Dining Dollars are a prepaid debit account included with your meal plan that can be used to buy food and drinks at all on-campus dining locations, including vending machines. The amount you receive depends on the meal plan you select.

■ MUIaa

MUIaa is a separate account from your meal plan that can be used for non-food purchases at campus markets and vending machines. It cannot be used for meals or food at dining locations.

■ Grubhub Mobile Ordering

Skip the lines and save time by ordering ahead at select campus dining locations through the Grubhub app, including favorites like Bell Tower and the dining concepts inside Armstrong Student Center. **New users can receive 50% off their first on-campus order, up to \$7, with code FIRSTBITE50.** With helpful features like menu browsing, order tracking, and meal customization, Grubhub makes campus dining quick and convenient.

■ Vending on Campus

There are over 200 vending machines across campus, conveniently located in most residence halls and academic buildings. Stocked with a wide variety of beverages, snacks, healthy options, and more, these

machines are available 24 hours a day to keep you fueled anytime. Multiple payment methods are accepted, including Dining Dollars, MUlaa, Apple Pay, Google Pay, and credit/debit cards — no cash needed, as we are a fully cashless operation.

** Miami University is a cashless campus, and all dining locations accept credit and debit cards. For more information, visit [MiamiOH.edu/dining](https://miamiOH.edu/dining). Dining locations, concepts, and menu offerings are subject to change at any time.*

■ MUlaa

MUlaa is an on-campus debit account that is used for the residence hall laundry machines, RedHawk retail locations, MU Box Office, MUPrint printers and copiers, vending machines, and more.

To preload your account before school starts, sign up through your online housing application.

To deposit additional money into an account, simply access the One Stop website at MiamiOH.edu/onestop.

MUlaa is refundable.

■ Residence Hall Staff

The Residence Life staff includes full-time professionals, graduate students, and undergraduate students.

A Resident Assistant (RA) lives in each residence hall corridor to help students make the transition from high school to college and to plan special events so students get to know one another. These carefully selected and trained upperclass students are also familiar with the scheduling process and often share their own knowledge and experience.

A Resident Director or community manager will live in your community as well. They will help shape the environment and experiences of residential students.

■ Room Assignments

During the summer, our office works diligently to finalize housing assignments. We strive to meet as many preferences and requests as possible. In order to meet the most preferences, our process takes the majority of the summer.

Room assignment information for incoming first-year students is sent out by email in late July/early August.

■ Living Requirements

At Miami, we highly value the residential experience for student success. All first-year and second-year students are required to live on campus unless they meet one of the following criteria:

- At least 21 years of age before the first day of class.
- Have matriculated full time, after high school graduation, for at least two years at another institution of higher education or a regional campus.
- Reside with their parents or legal guardians, who had guardianship at the time of admission, and live within 50 miles of the Oxford campus.
- Reside with spouses or dependent children during the academic term and commute to campus.

■ Miami Digital ID

Miami University has implemented the Miami Digital ID as an official form of identification. Utilizing the Miami Digital ID ensures you are never without your key to campus.

The Miami Digital ID is available at no cost to all students and is the default form of ID for incoming students. The ID provides access to residence halls, campus buildings, meal plans, Recreational Sports Center, MUlaa, library resources, and more.

Using Digital ID is easy, and directions for loading Digital ID directly from the GET app can be found at MiamiOH.edu/digitalid. An approved photo must be uploaded to the GET app before Digital ID can be loaded onto your smartphone or smartwatch. Photo approval could take 24-48 hours. **Be sure the Digital ID is loaded on your device before you arrive for move-in.**

HOUSING FAQs

■ When will I find out where I'm living?

Housing assignment information will be emailed to your Miami account in late July/early August.

■ How large are the residence hall rooms?

The size of our rooms varies from one residence hall to another, as a result of architectural differences. You will receive the dimensions of your room when you get your assignment in late July/early August. The majority of rooms are multiple occupancy rooms for two people.

■ Do I need to purchase property insurance?

Miami does not assume responsibility for the loss of money or valuables, damage to property, or injuries on the premises. If you are not covered under your parent/guardian homeowner's insurance policy, we strongly recommend that you make arrangements for insurance protection against such losses, such as renters insurance.

■ Will I have internet in my room?

Yes, each room has both wired and wireless connectivity providing access to the internet and local network resources.

■ What linens will I need?

You'll need to provide your own pillows, blankets, and sheets (which fit an 80" x 36" XL twin mattress). You and your roommate(s) may want to coordinate bedspreads and additional items to decorate your room.

■ What furniture is provided?

All rooms are furnished with beds, dressers, desks, desk chairs, bed rails, trash can, recycling can, and closets or wardrobes. Due to campus storage space limitations, requests to remove university provided furniture cannot be accommodated. Students are discouraged from bringing their own furniture to campus. Typically, rooms can only safely accommodate the furnishings provided.

■ What appliances can I use in my room?

Approved appliances for use in student rooms include stereos, televisions, computers, fans, clocks, lamps, irons, blow-dryers, curling irons, single-serve contained coffee makers, and powerstrip cords with built-in circuit breaker. All items must be Underwriters Laboratory approved.

■ What items can I not use?

The following items are prohibited in your room: private loft beds, bed risers, electric blankets and sheets, hot plates, sun lamps, candles, air fryers, electric skillets and grills, toaster ovens, toasters, popcorn poppers, open hot pad coffee makers, halogen lamps, wireless routers, wireless printers, non-circuit breaker equipped extension cords, water beds, e-bikes, e-scooters, electric skateboards (due to lithium battery safety hazards), personal mattresses, wall mounts for televisions, 3D printers, personal refrigerators, and personal air conditioners.

■ What can I use to hang items on my walls?

You may decorate your walls using molding hooks ("S" hooks), twine, and reusable poster putty. Due to the room damage they create, Command Strips, Scotch tape, duct tape, adhesives, tacks, nails, screws, or pins may not be used for any purpose (students are responsible for room damage including the room door).

**LED lights are not recommended for use in the residence hall rooms as the double-sided tape used to attach them to the walls will cause damage resulting in damage fees. Residents are responsible for any repairs/damages regardless of supplies used if damage results.*

Room decorations must not be affixed to or suspended from the ceiling, light fixtures, smoke detector, occupancy sensors, or sprinkler heads. You may be held financially responsible for the repair and clean-up resulting from an unintentional/intentional activation of a sprinkler head.

Can I park on campus?

A parking permit is required to park on Miami University's campus at all times unless in a garage or at a meter. First-year students are restricted from having a car on campus unless their permanent home address is outside of a 200 mile, *straight line radius* from the university, or if they have filled out an exceptional transportation need (ETN) request form and it has been approved. These requests typically relate to a medical need, an off-campus job, or a class on another Miami campus. ETN's for the 2026–2027 academic year will begin to be accepted on August 1. Please contact the Campus Services Center at 513-529-5000 or visit our website at MiamiOH.edu/parking for questions concerning eligibility for or purchasing parking permits.

Can I have a pet?

Pets are not permitted in the residence halls, except for small fish. Tank size cannot exceed five gallons, and tank heaters are not allowed.

What if my roommate and I do not get along?

Roommate conflicts are mediated by your Residence Hall Director or community manager and Residence Life staff members, who encourage open communication between roommates to come to a mutual resolution.

STUDENT EMPLOYMENT

With over 1,500 student employees, Campus Experiences is the largest employer of students on campus. We take pride in offering a student employment experience that both engages and empowers each student.

Working as a student allows you to focus on academics while earning income, building skills, and making connections with professors, staff, and other students. Locations are convenient and scheduling has greater flexibility to work around your classes and exams. The National Center for Education Statistics has found that “students working 1-15 hours weekly earn higher GPAs” than students who do not work at all.

Remember to bring original documents with you to the Human Resources office to complete the hiring process. A list of acceptable documents can be found at [USCIS.gov/i-9-central/form-i-9-acceptable-documents](https://uscis.gov/i-9-central/form-i-9-acceptable-documents).
