

FARMER SCHOOL OF BUSINESS

MEET OUR 2015 GRADUATES

WHAT SETS OUR STUDENTS APART?

Internships

- **92%** had internships.
- More than half had more than one (and more than **90%** of the internships were paid positions).
- **65%** of our interns were offered a permanent position.

"The way FSB ensures every one of its students has an opportunity to get a job is amazing." – 2015 graduate

"I would choose the Farmer School of Business 10x over. The amount of knowledge I have gained as a student cannot be replaced. I am thankful every day for the caring faculty, staff, and students who make Farmer the best learning environment it can be, and I can confidently say the Farmer School of Business has prepared me for the business world." – 2015 graduate

Extra-Curricular Activities

- More than **90%** of the Farmer School class of 2015 were involved in extracurricular activities.
- Our **25** organizations and **5** honorary societies allow our students to practice what we teach—leadership, critical thinking, problem-solving and team work.
- Every major offers students the opportunity to test their skills in intra- and inter-collegiate competitions.

"Definitely continue to encourage students to be engaged inside and outside the classroom. It gives them a great network with outside activities and they can use their knowledge from their classes to add value to their out of class activities." – 2015 graduate

International Study

- More than **60%** studied abroad, becoming more comfortable and confident adapting to different cultures.

"Studying abroad three times was unquestionably one of the most beneficial aspects of my experience in Miami's business program. Also doing research with one of my business professors was incredibly beneficial as well." – 2015 graduate

Experiential Learning

- **100%** had multiple opportunities to work with actual clients, solving real business issues.
- All of our graduates have experience working in teams, many with students of a different major or division.

"The ability to work with real clients in the classroom setting; Having professors that are so dedicated to their students and actually care and want to help them succeed." – 2015 graduate
