# The Farmer School of Business is the First Choice for Tomorrow's Leaders

*“A lot of colleges tell you that you’ll be ready for a career but I haven’t seen anyone do it as well as Miami. There wasn’t anything that I faced in my internship that I hadn’t already had experience with so **I really feel ready to go into the workforce.**”*

Rachel '24, Accountancy

*“Miami has a **phenomenal academic standard.** It’s unbelievable. They really get you **beyond ready.** A lot of things that I had to do at my internship, Miami had already prepared me for, which I hadn’t even realized. Miami does a great job of making sure that you’re **ready for the next step.**”*

Keshon '24, Human Capital Management and Leadership
