

3 PLUS 1

EARN A BACHELOR'S & A MASTER'S IN ECONOMICS IN FOUR YEARS

THE PROGRAM

The Combined Bachelor's/Master's program at Miami allows high achieving students to graduate in four years with both a BA or BS degree in economics and the MA degree. Students may enter the MA program at the beginning of their senior year. The MA degree provides students with intensive, technical training in economics in preparation for careers or future study that demands advanced research and empirical techniques.

ADMISSION REQUIREMENTS

To be considered for the program, Miami economics majors must:

- be full-time students;
- have completed ECO 311, ECO 315 and ECO 317 with a combined GPA in these classes of at least 3.5 and
- have completed MTH 151.

APPLICATION PROCEDURES & OTHER INFO

The combined degree requires careful planning. Please contact an advisor as soon as possible if you are considering the program.

- Applicants may apply online at <https://www.applyweb.com/muohiog/index.ftl> Be sure to check "combined program."
- Applicants need to sign a FERPA release allowing the department to speak to their economics professors in lieu of letters of recommendation.
- An interview with the Director of Graduate Studies substitutes for the personal statement.
- GRE General Test

FARMER SCHOOL OF BUSINESS
MIAMI UNIVERSITY

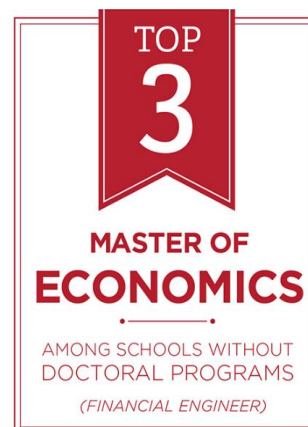

“Participating in the Economics 3+1 program has been an integral part of my Miami experience. I believe it has broadened my understanding of the field of economics and given the subject itself greater depth and complexity. I don’t think my experience with the Miami economics department would have been complete without this program. I think it’s a perfect opportunity to test your limits, to make great connections, and gain skills you will use for the rest of your life.”

Sara Rosomoff '19
