Moon Shot for Equity Monthly Newsletter
## April 2022

What We Are Doing This Month

This month, best practice teams begin executing best practices to ensure equitable policies and practices for students. Teams are meeting biweekly at each institution and will convene every 5 to 6 weeks cross institutionally for regional learning. We are also engaging our equity mindedness team this month to begin developed DEIJ Plans.

What Happened Last Month

We held our first Moon Shot Convening with over 252 chancellors, presidents, provosts, deans, faculty, student success leaders, and even a few students in the Greater Cincinnati Northern Kentucky ecosystem! At this convening, we formally kicked off the work of implementing the first four of the fifteen best practices in the Moon Shot MOU.

Tim Renick from Georgia State University and Georgia Perimeter College shared practical wisdom on how to use data to close equity gaps and challenged institutions to reform their structures instead of creating small, tailored programs to support student subpopulations. We also had EAB Subject Matter Experts facilitate break outs with best practice teams to discuss strategy and successful implementation.
