Dear fellow Miamians,

On behalf of the Interfraternity Council, the Multicultural Greek Council, the National Pan-Hellenic Council, and the Panhellenic Association, we are thrilled to welcome you into our community. As a member of the Miami family, you are a part of a legacy that has been growing on campus since our founding. The education that you will receive encompasses more than just a commitment to strong academics, but copious opportunities to develop through student engagement and involvement on campus.

Over the next four years, you will not only be working towards a degree and discovering your career path, but will also develop meaningful connections with others, allowing you to find your place in the Miami community. The fraternity and sorority community is grounded in five core principles: scholarship and learning, service and philanthropy, leadership and values, community, and brotherhood and sisterhood. Each provides development through meaningful connections and life lessons. These principles are designed to support you in your ongoing development as a leader and individual on Miami's campus. Constituting the largest student group on campus, fraternity and sorority members represent over 5,000 undergraduate students. With this network of support and enriching opportunities, membership in a Greek organization will provide members with a personal connection to Miami traditions and legacy.

With 52 Greek organizations across four councils, there is endless opportunity to find the chapter best suited for you. Each chapter offers unique experiences that will be sure to strengthen your reserve and character while preparing you for future success. Fraternity and sorority life enhances the lives of each individual who serves as a member of their Greek organization. With that, it is our hope that you will find this guide to be a valuable resource, guiding and helping you understand the ways in which involvement in the fraternity and sorority community can impact your college experience and future endeavors.

We look forward to seeing you at recruitment/intake and wish you the best of luck in all of your college pursuits. Go Greek! Go RedHawks!

From the President

Dear fellow Miamians,

Character, leadership, and service are at the very core of our values at Miami – they are visible expressions of what it means to live Love and Honor in our community. This is a special place with a distinct legacy, a unique mission, and a deep responsibility. Miami has a rich heritage of student involvement and campus leadership. One of our oldest and most revered traditions of student engagement is Fraternity and Sorority Life.

To many, joining a fraternity or sorority is an excellent opportunity for personal growth, servant leadership, academic success, and a sense of responsibility to serve our community with a higher purpose. Many of our extraordinary alumni attribute their success to Greek life experiences, especially the values their fraternity or sorority instilled in them.

As you experience campus life during the first semester and beyond, you will find many ways to engage and lead. We have nearly 600 student organizations, including 52 fraternities and sororities, each offering unique and dynamic experiences. Please take every opportunity to explore how these groups and organizations can enhance your journey at Miami and beyond. Think about how, through your participation and membership, your life and the lives of others will be enriched and transformed in positive ways. Find and engage with those who will challenge you, stretch your mind, expand your perspective, develop your virtues such as courage, empathy, and humility, awaken your delight, and deepen your love for Miami.

If you choose to participate in Fraternity and Sorority Life, look closely at these organizations' core foundations, values, and virtues and note their alignment with Miami's Code of Love and Honor. Hold yourself and your fellow Miamians to the highest standards of excellence in all that you do. Hold true to Love and Honor and our shared dedication to serving a higher purpose. You will see the quote on campus: "To think that in such a place, I led such a life." Embrace both the incredible benefits of this life and the responsibilities that come with membership in these special communities and the greater community of the Miami family.

I wish you all the best.

Love and Honor,

Gregory P. Crawford

FIVE PILLARS OF THE COMMUNITY

Scholarship and Learning

Each chapter commits itself to the tenet of enhancing scholarship and learning within the chapter. As a result, members of Miami's fraternities and sororities consistently earn GPAs above campus averages for both men and women.

Service and Philanthropy

One of the most rewarding aspects of fraternity and sorority involvement is the opportunity to impact the lives of others. Last year, Miami Greeks donated countless hours and thousands of dollars through service projects and philanthropic fundraisers.

Leadership and Values

Miami's Greek community is dedicated to developing strong, multi-faceted leaders. Fraternity and sorority life provides an outstanding means for the discovery and implementation of each member's unique leadership potential by encouraging individuals to strive for positive change in their organizations and the community.

Community

The Greek community has been thriving for almost 190 years at Miami, and it offers engaging opportunities that are hard to match elsewhere. Whether it is a fraternity or sorority sponsored service, philanthropy, athletic event, or speaker, students grow as individuals through their Greek involvement.

Brotherhood and Sisterhood

Within each chapter, there is a close bond of friendship and family. This is one of the foundations of the Greek experience and is a cornerstone that each organization is built upon. The unique personalities of fraternity and sorority members provide a diverse and well-rounded Greek community.

RECRUITMENT ELIGIBILITY

All four governing councils and individual chapters may establish standards of membership including, but not limited to, credit hour and grade point average requirements. To affiliate with a fraternity or sorority, a student must have completed all of the below requirements prior to the start of the recruitment process.

Minimum Eligibility Requirements

- One full-time fall or spring semester (at Miami University or other accredited institution of higher education).
- 12 college credit hours (does not include AP, IB, dual-enrollment credit achieved in high school).
- At least a 2.5 minimum, cumulative, grade point average for Panhellenic, MGC, and NPHC organizations and at least a minimum 2.75 for IFC fraternities. Transfer GPAs cannot be combined – only the most recent college GPA received will be considered.
- Completion of two online hazing prevention and education modules.
- Student eligibility will be verified through the Cliff Alexander Office of Fraternity and Sorority Life prior to the chapter extending any form of invitation to membership. Only transcripts from the most recent institution attended will be considered.

Other Requirements

- Winter or J-Term grades and credit hours will be counted in determining recruitment eligibility. Learn more information on the Cliff Alexander Office of Fraternity and Sorority Life's website: [MiamiOH.edu/fsll/how-to-join](https://miamiOH.edu/fsll/how-to-join).

SECOND-YEAR HOUSING

Fraternity House Living

Miami University recognizes the benefits a strong fraternity community has on the undergraduate experience. An important component of that experience is providing the opportunity for undergraduate men to live with their fraternity brothers in a safe environment that is supportive of a student's academic success and personal development. Because of this commitment to fraternity and student success, men have the opportunity to live in fraternity houses during their second year. Students must meet the minimum requirements set by Miami University and the individual chapters in order to be eligible to live in the houses. Men must have a 2.75 cumulative GPA and must not have any conduct violations reported through the Office of Community Standards.

Sorority Living Learning Community

The Sorority Living Learning Community (LLC) was created to allow our sorority women to enhance their collegiate experience and strengthen their sisterhood by living with members from their chapter and women from other chapters. The expectation is that all sorority women in Panhellenic chapters live in the Sorority LLC during their second year at Miami.

Our chapter, one of the newest on campus, was established with the vision and belief that Greek life could be something more, something that truly enriched lives, embraced brotherhood, and cultivated an environment in which all members were valued. We pride ourselves in high standards of membership, commitment to core values, and our role in the betterment of all Greek life at Miami. We are a rapidly growing chapter, yet we never sacrifice quality for quantity. Each new member is truly a Man of Word and Deed who will uphold our values and improve this brotherhood. We give ample opportunities for leadership and allow every brother to know each other, creating strong, lifelong bonds. Although we house a diverse range of individuals, we are united by our belief in integrity, initiative, loyalty, accountability, and respect, the five values we all agree to represent and uphold. Every semester we grow and improve. Last semester we acquired a newly renovated house, hosted our best social events, improved our GPA to be one of the top on campus, and ran our first major charity event.

Phi Kappa Psi is a fraternity of courteous and cultured gentlemen with a great emphasis on helping others as well as improving ourselves. Our fraternity is based on giving back to the community through service and philanthropy. Many of our members are also involved in different clubs/organizations of Miami University outside of the fraternity. As of returning to campus January of 2022 we have set goals to make fraternity life better on campus for everyone by participating in brotherhood events and socials that create stronger long-lasting friendships. Our large Miami alumni network has been crucial in supporting our return both financially and educationally. Thanks to their help, we will be able to move into our chapter house during the fall of 2023 (beginning of next school year) located at 122 South Campus Ave.

PHI BETA SIGMA FRATERNITY, INC.

Phi Beta Sigma Fraternity, Inc. was founded at Howard University in Washington D.C. on January 9, 1914, by Honorable A. Langston Taylor, Honorable Leonard F. Morris, and Honorable Charles I. Brown. These men wanted to organize a Greek letter fraternity that would truly exemplify the ideals of brotherhood, scholarship, and service. The Founders wished to create an organization that viewed itself as "a part of" the general community rather than "apart from the general community and to live by its motto, "Culture For Service, Service For Humanity".

The Alpha Beta Kappa Chapter is one of the younger chapters of the NPHC, chartered in 2000. The chapter is known for its commitment to humanity through their mandated programs such as Sleep Out for the Homeless, where they raise money for homeless shelters. The chapter is always progressing forward to impact their community and engage in social action. The Alpha Beta Kappa Chapter seeks men of integrity, strong principles, and a heart for service.

Founded in 1851, Alpha Delta Pi is the world's oldest secret society for women, placing priority on the values of friendship, sincerity, and truth. Consistently ranked among the top ADPi chapters internationally, the Eta Epsilon chapter was founded at Miami in 1984. Members excel in and out of the classroom, being involved in over 327 campus organizations and holding leadership positions in many. Supporting our philanthropy, Ronald McDonald House Charities, is one of the most meaningful and impactful aspects of our experience in ADPi. In the past year, we raised more than \$30,000 through events such as Pie an ADPi, Reels for Ronald, and Rock 'n' Ronald. In addition to raising money and awareness, sisters provide hands-on volunteer service at the Ronald McDonald House of Greater Cincinnati. In addition to service, our sisters love spending time with each other. We are loyal to each other and to fostering positive, authentic friendships that last a lifetime.

Since its founding in 1909, Alpha Epsilon Phi has been committed to developing lifelong friendship among its members as well as encouraging a passion for service to others. Above all else, AEPHI is committed to personal growth and intellectual development. AEPHI was founded by seven Jewish women who could not join other sororities due to their religion, and this spirit of celebrating all women no matter their views lives on in the Alpha Kappa chapter at Miami. Sisters participate in socials, sisterhoods, and philanthropy events throughout the year. Sisterhoods include everything from dinner uptown to service projects, beauty nights and honoring our founders' mission. AEPHI women are involved in many other campus activities and organizations, such as MAP, academic journals, and music groups on campus. AEPHI emphasizes a balance of academics, service, and of course, having fun with sisters!

DELTA DELTA DELTA

At our original establishment in 1911, Delta Delta Delta became the second national sorority to come to Miami's campus and in all this time, our members have always strived to embody our national values of being brave, bold, and kind. Through our many sisterhood events, chapter meetings, and philanthropy events, we have formed lasting bonds and friendships our sister carry with them even after their college career. Along with this, as the top fundraising chapter on campus for 7 years, we highly value service and our national partnership with St. Jude Children's Research Hospital. We take pride in all we've been able to accomplish for them, and hope to continue to help the children and families St. Jude serves. Overall, we have loved being a place our sisters can call home through their time in college, and can't wait to see what the future Tri Delta's will do for the chapter.

GAMMA PHI BETA

Gamma Phi Beta fosters a nurturing environment for women to achieve their potential through lifelong commitment to intellectual growth, individual worth, and philanthropic service. Our core values of love, labor, learning, and loyalty contribute to members’ everyday decisions. The term ‘sorority’ was first used to describe Gamma Phi Beta at Syracuse University. Since then, it has been used to describe all female Greek organizations; however, Gamma Phi Beta retains the status as the original sorority. At Miami, we strive to make an impact on campus. Sisters are involved in a variety of organizations, and are influential leaders who make a difference at Miami. This diversity is what makes the Beta Epsilon chapter so unique. Despite wide-ranging interests, members stay connected through sisterhood events, socials, family dinners, and philanthropy events to benefit Girls on the Run. The combination of successful, influential women and the originality helps each member shine on campus.

Building confidence. Inspiring action. Since its founding in 1897, Kappa Delta has been building confidence in women, inspiring them to take action in their communities, and creating a sisterhood based on shared values, respect, and belonging. We recently celebrated our 125 year anniversary with 200+ sisters at a bonfire at Hueston Woods. Kappa Delta fosters philanthropic relationships with two national philanthropies: Prevent Childhood Abuse America and the Girl Scouts of the USA, which together form our platform Confidence Coalition. Every spring, the Gamma Nu chapter hosts Shamrock Week, a week full of activities and fundraisers to support PCAA. Last spring, we raised over \$19,000, for the Council on Child Abuse in Cincinnati. Kappa Deltas host confidence-building programs and campus tours with the Girl Scouts.
