First Destinations Executive Summary 2016-2017 Regional Campus Bachelor's Graduates

Methodology

The First Destinations report provides placement information on students who graduated during the 2016-17 academic year. Graduates must be employed, serving in the military, serving in a volunteer or service program, or enrolled by Dec. 31, 2017 in order to count as successfully placed.

First Destination data are based on variety of data sources, including online surveys, phone surveys, national databases, data from Miami University offices, direct employer confirmation, and public sources. Full details on the methodology are available in Appendix B.

Placement results are based on graduates' primary activity after graduation and align with National Association of Colleges and Employers (NACE) First Destination guidelines. National comparison data will be available from NACE in October.

Results

Data were obtained for 192 graduates out of 305 total (63.0% knowledge rate).

The overall success rate for the graduating class is 95.8%, up from 94.8% last year.

- According to NACE, nationally 83.7% of the previous year's bachelor's graduates (2015-16) were successfully placed.
- Comparison data for the current graduating class will be available from NACE in October.

81.8% of the graduating class are employed full-time, with an average salary of \$47,709.

Among those who are employed (full-time or part-time):

- 83.3% are employed in their field of study.
- 54.0% worked for their employer previously.
- 73.3% are employed in a position that requires a college degree.

6.8% of graduates are enrolled in graduate or professional school while 1.0% are pursuing additional undergraduate study.

92.1% of graduates live in Ohio while 7.9% live in a different U.S. state.

EMPLOYMENT DETAILS

Employment details are based on alumni whose primary status was employed, including positions classified as entrepreneur, faculty, fellowship/post-doc, freelance, and temporary/contract.

Field of Study	# of Alumni	% of Alumni
Employed in field of study	105	83.3%
Employed outside field of study	21	16.7%

Number of Job Offers Received During Search	# of Alumni	% of Alumni
None	15	12.6%
1	40	33.6%
2	31	26.1%
3	18	15.1%
4	8	6.7%
5	5	4.2%
6 or more	2	1.7%

Previous Employment with Current Employer (multiple responses allowed) ⁵	# of Alumni	% of Alumni
Previously employed, total, including:	81	54.0%
Previously employed as a part-time or seasonal employee	20	13.3%
Previously employed as a full-time employee	38	25.3%
Previously employed as an intern or co-op student	16	10.7%
Previously employed as a student teacher	1	0.7%
Previously employed in another capacity or in an unknown capacity	12	8.0%
Not previously employed by current employer	69	46.0%

Degree Type Required for Current Position	# of Alumni	% of Alumni
College degree required, total, including:	85	73.3%
Associate's degree	13	11.2%
Bachelor's degree	71	61.2%
Master's degree	0	0.0%
Doctoral degree	0	0.0%
Professional degree (e.g., MD, JD)	0	0.0%
Other	1	0.9%
College degree not required	31	26.7%

STATE/COUNTRY OF RESIDENCE

State/Country of Residence - Aggregated	# of Alumni	% of Alumni
Ohio	176	92.1%
U.S. state other than Ohio (including Washington D.C.)	15	7.9%
American territory	0	0.0%
Foreign country	0	0.0%

State/Country of Residence - Detailed	# of Alumni	% of Alumni
U.S. states (including Washington D.C.)	191	100.0%
California	2	1.0%
Florida	1	0.5%
Illinois	3	1.6%
Indiana	2	1.0%
Kentucky	1	0.5%
Maryland	1	0.5%
Ohio	176	92.1%
South Carolina	1	0.5%
Tennessee	2	1.0%
Virginia	1	0.5%
Wyoming	1	0.5%

Footnotes

¹ The "knowledge rate" indicates the percentage of the graduating class for whom we have placement data.

² The overall success rate identifies the total percentage of alumni who are employed, engaged in military service, engaged in a volunteer/service program, or who are continuing education. Consistent with the National Association of Colleges and Employers (NACE) First Destination guidelines, the success rate calculation excludes alumni who are not seeking employment or education from the denominator. However, alumni who are not seeking employment or education are included when calculating the individual primary activities (e.g., percent employed, percent continuing education).

³ Results marked "---" are not available because the response size was too small for analysis ($n < 10$).

⁴ Salary data reported by NACE is based solely on alumni whose primary activity is classified as "Standard Employment FT." This field should be used for NACE comparisons. Alumni who are employed in other full-time positions (e.g., entrepreneur FT, faculty FT) are excluded from NACE salary reporting.

⁵ Because participants were allowed to select more than one option, responses may total more than 100%.

Appendix B: Methodology

For the 2016-17 graduates, students must be employed, serving in the military, serving in a volunteer or service program, or enrolled by Dec. 31, 2017 in order to count as successfully placed.

First Destination data are based on variety of data sources, including online surveys, phone surveys, national databases, data from Miami University offices, direct employer confirmation, and public sources. When multiple data sources are available, data that are self-reported by the graduate after graduation (i.e., online and phone surveys of alumni) are prioritized.

Data Sources

New Alumni Online Survey

An online survey of alumni, conducted by the Office of Institutional Research and administered September - December (after the end of the academic year).

New Alumni Phone Survey

A phone survey of alumni, conducted by the Office of Institutional Research and administered October - December (after the end of the academic year).

Banner

Data on graduates who are employed at Miami after graduation or who continue their enrollment at Miami (after completing a degree) is based on data available in the Banner data system.

Optional Practical Training (OPT)

The Office of International Students and Scholar Services maintains employment information on international graduates who participate in Optional Practical Training (OPT). The OPT program allows individuals who are in the U.S. on a student visa to work after graduation for a limited period of time.

National Student Clearinghouse

The National Student Clearinghouse (NSC) maintains student enrollment records for students enrolled at more than 3,600 colleges and universities, representing 98% of all students in public and private U.S. institutions. NSC records are used to identify graduates who are continuing their education after graduation.

OIR Graduation Survey

A online survey of graduating students (undergraduate and graduate), conducted by the Office of Institutional Research. The Graduation Survey is administered each term to students shortly prior to graduation.

Farmer School of Business (FSB) Graduation Survey

A survey of graduating FSB students (undergraduate and graduate), administered by the Farmer School of Business.

College of Engineering and Computing (CEC) Graduation Survey

A survey of graduating CEC students (undergraduate only), administered by the College of Engineering and Computing.

Center for Career Exploration and Success

A small number of employers provide hiring and salary data directly to the Center for Career Exploration and Success.

LinkedIn

Public profiles of graduates are used to identify basic placement information, including job-seeking status, position titles, employer names, and enrollments. LinkedIn profiles are used only if all other data sources failed to provide data.
