**Please Read Carefully**

The semester invoice (and subsequent monthly invoices) will identify all University charges for the semester (tuition, fees, housing and meals, if applicable). Other charges may also appear on the invoice (for example: telephone charges, health center charges, or charges from previous terms of enrollment). These are called "authorized allowable charges."

Signing the authorization below allows Miami University to use Federal Title IV Financial Aid\* to pay these authorized allowable charges in addition to the tuition and fees.

\*Federal Title IV aid includes the Federal Pell Grant, Federal Direct Subsidized and Unsubsidized Loans, Federal Supplemental Educational Opportunity Grant, Federal TEACH Grant, Federal Perkins Loan, and Federal Direct Graduate PLUS Loans.

---

I authorize Miami University to use my financial aid to pay for all educational costs for the entire period of my enrollment. This authorization enables Miami University to pay, in addition to tuition, fees, housing and meals:

1. Other, current year, educationally related charges incurred by the student.
2. Prior year, educationally related charges at a maximum of \$200.

**CERTIFICATION:** I acknowledge that I must notify the One Stop in writing if I wish to cancel this authorization. Cancellation is not retroactive. I certify that all information reported to qualify for federal student aid is complete and correct and that purposely giving false or misleading information may lead to fines, prison or both.
