

William P. Berg, Ph.D.
 Department of Kinesiology, Nutrition, and Health
 Miami University, Oxford, OH
 (January, 2024)

Education and Professional Experience

Education

Ph.D. 1991 University of Minnesota, Minneapolis, MN, Kinesiology
 M.Ed. 1987 The University of Mississippi, University, MS, Physical Education
 B.S. 1985 University of Minnesota, Minneapolis, MN, Social Studies Education and Coaching
 Licensure

Professional Experience

2017-present Professor of Kinesiology, Health, and Nutrition, Miami University, Oxford, OH
 1994-present Research Fellow, Scripps Foundation Gerontology Center, Miami University, Oxford, OH
 1997-2017 Associate Professor of Kinesiology and Health, Miami University, Oxford, OH
 2001 Fall sem. Visiting Faculty, School of Kinesiology, University of Minnesota, Minneapolis, MN
 1991-1997 Assistant Professor of Physical Education, Health, and Sport Studies, Miami University
 1987-1991 Teaching Assistant, School of Kinesiology and Leisure Studies, University of Minnesota,
 Minneapolis, MN
 1990-1991 Temporary Graduate Faculty, School of Kinesiology and Leisure Studies, University of
 Minnesota, Minneapolis, MN
 1987-1991 Assistant Track and Field Coach, Department of Men's Intercollegiate Athletics, University of
 Minnesota, Minneapolis, MN
 1986-1987 Graduate Assistant Men's and Women's Track and Field Coach, Department of Intercollegiate
 Athletics, The University of Mississippi, University, MS

Courses Taught

KNH 184 Motor Skill Learning and Performance, 3 cr. (73 sections)
KNH 184L Motor Skill Learning and Performance Laboratory, 1 cr. (12 sections)
KNH 202 Knowledge Development in Health and Physical Culture, 3 cr. (3 sections)
KNH 381 Biodynamics of Human Performance, 3 cr. (14 sections)
KNH 402 Critical Reflection on Practices in Health and Physical Culture, 3 cr. (7 sections)
KNH 453/553 Special Topics: A Dynamical Systems Approach to Motor Skill Acquisition, 2 cr. (1 section)
KNH 453/553 Special Topics: Motor Control Research, 2 cr. (3 sections)
KNH 483/583 Advanced Motor Control and Learning, 3 cr. (7 sections)
KNH 631 Physiological and Motoric Aspects of Sport, 3 cr. (6 sections)
KNH 681 Human Motor Control and Learning, 4 cr. (14 sections)
KNH 682 Laboratory Techniques in Exercise Science, 2 cr. (8 sections)
KNH 684 Advanced Seminar in Exercise Science, 1 cr. (2 sections)
KLS 8135 Advanced Seminar in Motor Control and Learning, 2 cr. Taught this graduate course Fall 2001 while
 visiting the University of Minnesota, Minneapolis MN.

Independent Studies/Research

Supervised 181 (102 undergraduate, 79 graduate) semester-long independent studies/research experiences via
 Engineering (ERG) 303, Interdisciplinary Studies (WCP) 444 and 445, Kinesiology, Nutrition, and Health
 (KNH) 177, 277, 377, 477, 600, 620, 700, and Psychology (PSY) 777.

Miami University Undergraduate Summer Scholar Program (KNH 340U)

Kelsey Biller (6 cr., Summer 2014)

Aaron Hannigan (6 cr., Summer 2013)

Brian Richards (6 cr., Summer 2012)

Dirk Dessecker (12 cr., Summer 2009)

Lindsey Monterotti (12 cr., Summer 2000)

Internship Supervision

Supervised 260 (217 undergraduate, 43 graduate) semester-long student internships via Kinesiology, Nutrition, and Health (KNH) 340, 420 and 610.

Master's Examination Committees

Served on 76 master's examination committees (31 as chair) in the Department of Kinesiology, Nutrition, and Health at Miami University.

Master's Thesis Committees

Served on 26 master's thesis committees (11 as chair) in the Departments of Kinesiology, Nutrition, and Health, Psychology, and English at Miami University.

Doctoral Qualifying/Comprehensive Exam Committees

Served on 18 doctoral qualifying/comprehensive exam committees at Miami University (Departments of Psychology, and Sociology and Gerontology) and the University of Cincinnati (Department of Psychology).

Doctoral Dissertation Committees

Served on 20 doctoral dissertation committees at Miami University (Departments of Psychology, and Sociology and Gerontology), the University of Cincinnati (Department of Psychology), and Deakin University (School of Health Sciences), Burwood, Australia.

Supervision of Graduate Teaching Assistants and Instructors and Laboratory Instructors

Supervised 178 semester-long graduate teaching assistantships (139 teaching assistants in Kinesiology, Nutrition, and Health (KNH) 184 Motor Skill Learning and Performance and KNH 184L Motor Skill Learning and Performance Laboratory, 19 in KNH 381L Biodynamics of Human Performance Laboratory, and 20 in KNH 140 Volleyball).

Supervision of Research Assistants (assigned and volunteer)

Supervised 99 semester-long research assistantships (39 undergraduate, 60 graduate).

Awards and Recognition for Teaching

- 2022 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2022 Top 100 faculty and staff members (highest number of commendations by students).
- 2021 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2021 Top 100 faculty and staff members (highest number of commendations by students).
- 2020 Nominated (2) for the Miami Associated Student Government (ASG) Outstanding teacher Award
- 2020 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2020 Top 100 faculty and staff members (highest number of commendations by students).
- 2020 Student Recognition of Teaching Excellence in Award
- 2019 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2019 Top 100 faculty and staff members (highest number of commendations by students).
- 2018 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2018 Top 100 faculty and staff members (highest number of commendations by students).

- 2017 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2017 Top 100 faculty and staff members (highest number of commendations by students).
- 2016 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2016 Top 100 faculty and staff members (highest number of commendations by students).
- 2015 Nominated for the Miami Associated Student Government (ASG) Outstanding Teacher Award.
- 2015 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2015 Top 100 faculty and staff members (highest number of commendations by students).
- 2014 Nominated for the Miami Associated Student Government (ASG) Outstanding Teacher Award.
- 2014 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2014 Top 100 faculty and staff members (highest number of commendations by students).
- 2013 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2013 Recipient of the Richard T. Delp Outstanding Faculty Award in the College of Education, Health & Society.
- 2012 Letter of Commendation for teaching and advising from Miami's Center for Teaching Excellence (CTE).
- 2011 Nominated for the Richard T. Delp Outstanding Faculty Award in the College of Education, Health and Society.
- 2010 Formal acknowledgement of positive impact on 2nd year students, from Miami's Office of 2nd Year Programs.
- 1999 Selected for the Senior Faculty Program for Teaching Excellence at Miami University.
- 1997 Alumni Enrichment Award. Presented by the Office of Alumni and Parent Programs to faculty judged by their peers and by undergraduates as being outstanding teachers.
- 1995 Project entitled *Advanced Movement Measurement Technology for Learning Enrichment (Berg, 1995)* presented to the Miami University Board of Trustees as an exemplar of the integration of learning technologies.
- 1993 Nominated for the Miami Associated Student Government (ASG) Outstanding Teacher Award.
- 1993 Certificate for special assistance to students in Miami's Learning Assistance Program.

Faculty Learning Communities at Miami University

2020 eLearning Miami Online Course Development Program. Completed a complete upgrade of online KNH 184 Motor Skill Learning and Performance.

1999-2000 Senior Faculty Program for Teaching Excellence. Participated in numerous seminars, round-tables and retreats focusing on teaching effectiveness, as well as three conferences on college teaching, including:

- Lilly Conference on College Teaching - New England, Boston, MA, October 1999.
- National Lilly Conference on College Teaching, Oxford, OH, November 1999.
- Conference of the American Association for Higher Education (AAHE), New Orleans, LA, Feb. 2000.

Teaching Grants at Miami University (total \$199,717)

Berg, W.P. (project leader) (2021). Enhancing Student Engagement and Learning in Kinesiology and Sport Science Using Eye Tracking Technology. FY21 Student Tech Fee Competitive Process (\$31,771.60).

Berg, W.P. (2012). Telemetric Electromyography for Learning Enrichment. Funded by FY12 Student Tech Fee Competitive Process (\$29,580).

Berg, W.P. (project leader) (2009). Three-dimensional motion capture for learning enrichment. Funded by FY10 Student Tech Fee Competitive Process (\$96,600). Team members: Michele Dickey (Educational Psychology,

Armstrong Institute for Interactive Media Studies), Ira Greenberg (Art, Armstrong Institute for Interactive Media Studies), Leonard Mark (Psychology), Kumar Singh (Mechanical and Manufacturing Engineering), Dean Smith (Kinesiology and Health), and Mark Walsh (Kinesiology and Health).

Berg, W.P. (2007). Revitalization of KNH 184L: Motor Skill Learning and Performance Laboratory. Funded by the Center for the Enhancement of Learning and Teaching (CELT) Summer Fellowship for the Improvement of Instruction (\$3,000).

Berg, W.P. (2000). Force measurement technology for learning enrichment. Funded by the Learning Technologies Enrichment Program (LTEP) (\$19,955).

Berg, W.P. (2000). Integrating learning experiences using electromyography (EMG) into the Physical Education, Health and Sport Studies curriculum. Funded by the Committee for the Improvement of Learning and Teaching (CELT) Department/Program Grant for the Significant Improvement of Instruction (\$3,810).

Berg, W.P. (1994). Advanced movement measurement technology for learning enrichment. Funded by the Learning Technology Enrichment Program (LTEP) (\$15,000).

Advising

Averaged 45 undergraduate advisees and 5 graduate advisees per year since 1997.

Summer Orientation Academic Advising

2000-2010, 2017-18 Performed departmental/divisional advising for incoming KNH/EHS students attending summer orientation. Conducted 144 summer orientation advising sessions of 2-3 hours each.

Research and Scholarship

Refereed Journal Articles (*student)

Journal articles have garnered 3340 citations as reported by Google Scholar.

Mills, E.M., Berg, W.P., & Alessio, H.M. (1994, April). *Decade changes in flexibility, muscle strength of the lower extremities, and balance among elderly persons*. Annual Conference of the Midwest Nursing Research Society (MNRS), Milwaukee, WI.

Berg, W.P., Wade, M.G., & Greer, N.L. (1993, August). *Visual regulation of gait in bipedal locomotion: revisiting Lee, Lishman, & Thomson (1982)*. International Conference on Event Perception and Action (ICPA), Vancouver, British Columbia, Canada.

Berg, W.P., Alessio, H.M., & *Chen, T. (1993, June). *Visual acuity and peripheral field loss in older adults and its association with static and dynamic balance*. Annual Conference of the North American Society for the Psychology of Sport and Physical Activity (NASPSPA), Brainerd, MN.

Berg, W.P., Wade, M.G., & Greer, N.L. (1992, June). *Direction of gaze in real-world bipedal locomotion*. Annual Conference of the North American Society for the Psychology of Sport and Physical Activity (NASPSPA), Pittsburgh, PA.

Berg, W.P., & Greer, N.L. (1991, June). *Visual regulation of gait in bipedal locomotion*. Annual Conference of the North American Society for the Psychology of Sport and Physical Activity (NASPSPA), Pacific Grove, CA.

Invited Presentations (*student)

Berg, W.P. (2022, September). *Fall Prevention*. Oxford Senior Citizens Center, Oxford, OH.

Berg, W.P. (2022 March 8). *Parkinson's Disease*. Pancakes for Parkinson's (campus organization that hosts annual pancake breakfast as well as other auxiliary events on campus to raise awareness of Parkinson's Disease and money for the Michael J. Fox Foundation), Miami University, Oxford, OH.

*Wood, K., Berg, W.P., Salcedo, N., Walsh, M.S., *Biller, K. (2015, October). *The effect of closed and open kinetic chain exercise on hip and knee strength in physically active women: preliminary findings*. Graduate Research Forum, Miami University, Oxford, OH.

*Biller, K.L., *Hannigan, A., *Richards, B., Berg, W.P. (2014, November). *The effect of load uncertainty in plyometric exercise on functional performance and muscle activation*. Undergraduate Research Forum, Miami University, Oxford, OH.

*Richards, B., & Berg, W.P. (2013, April). *The effect of load uncertainty on muscle performance: A pilot study*. Undergraduate Research Forum, Miami University, Oxford, OH.

Berg, W.P. (2012, November). *The contribution of anticipatory postural adjustments to human motor control*. Research Forum in the Department of Kinesiology and Health at Miami University, Oxford, OH.

Berg, W.P. (2010, February). *Driven to distraction: attentional demands of cell phone use in drivers*. Colloquium Series in the Department of Kinesiology and Health at Miami University, Oxford, OH.

- *Dessecker, D., & Berg, W.P. (2009, September). *The effect of cellular telephone conversation and loud music on braking force and response time: evidence of distraction-induced compensations*. Undergraduate Summer Scholar Program Information Fair and Reception, Miami University, Oxford, OH.
- Berg, W.P. (2009, June). *Fatal distraction: cell phone use and driving*. Alumni College, Miami University, Oxford, OH.
- Berg, W.P. (2007, April). *Watch where you step, especially in old age: perception-action coupling in visually-guided foot placement*. Exercise Science Colloquium Series in the Department of Kinesiology and Health at Miami University, Oxford, OH.
- Berg, W.P., & Lundin, P. (2002, November). *Performance vs. learning effects of practice*. Annual Allerton Symposium, University of Illinois, Champaign, IL.
- Berg, W.P., & *Monterotti, L. (2001, November). *Aging and visual control of step length: implications for mobility*. Colloquium series of the Division of Kinesiology at the University of Minnesota, Minneapolis, MN.
- *Monterotti, L. & Berg, W.P. (2000, November). *Age differences in the use of visual information for controlling step length in walking*. Undergraduate Summer Scholar Program Information Fair and Reception, Miami University, Oxford, OH.
- Berg, W.P. (1999, October). *Does lower extremity strength contribute to stability in older adults*. Exercise Science Seminar Series, Kent State University, Kent, OH.
- Berg, W.P., & *Blasi, E. (1999, November). *The relationship between lower extremity strength and stepping performance during obstacle clearance in older women*. Scripps Gerontology Center Multidisciplinary Colloquium on Aging, Miami University, Oxford, OH.
- Berg, W.P., & *Blasi, E. (1998, April). *Age differences in stepping performance during obstacle clearance*. Scripps Gerontology Center Mini-Conference on Aging, Miami University, Oxford, OH.
- Berg, W.P. (1997, June). *Falls among older persons: causes, consequences and strategies for prevention*. Alumni Enrichment Award Lecture Series, Miami University, Oxford, OH.
- Berg, W.P. (1997, April). *Age-related changes in vision: implications for mobility*. Scripps Gerontology Center Multidisciplinary Faculty Meeting, Miami University, Oxford, OH.
- Berg, W.P. (1995, March). *Accidental falls in older adults: risk factors and strategies for prevention*. Scripps Gerontology Center Brown Bag Series, Miami University, Oxford, OH.
- Berg, W.P., Alessio, H.M., Mills, E.M., & *Chen, T. (1995, March). *Risk factors for recurrent falls in independent older adults*. Scripps Center Mini-Conference on Aging, Miami University, Oxford, OH.
- Berg, W.P. (1994, October). *Visual regulation of gait in bipedal locomotion*. Colloquium series of the Department of Psychology, University of Cincinnati, Cincinnati, OH.
- Berg, W.P. (1994, October). *Strategies for speed and strength development in adolescents*. Central YMCA, Hamilton, OH.
- Berg, W.P., & Alessio, H.M. (1993, October). *Risk factors for falls and other accidents in older adults*. Oxford Senior Citizens Center, Oxford, OH.

Berg, W.P. (1992, April). *Visual regulation of gait in bipedal locomotion*. Colloquium Series of the Center for Ergonomic Research, Department of Psychology, Miami University, Oxford, OH.

Lundin, P., & Berg, W.P. (1992, January). *Approach development in the jumps*. University of Wisconsin Track and Field Coaches Clinic, Madison, WS.

Berg, W.P. (1991, July). *Tests and measurement in strength and conditioning*. National Strength and Conditioning Association Workshop, National Sports Center, Blaine, MN.

Berg, W.P. (1991, March). *Visual control of locomotion*. Motor Behavior Colloquium Series. Department of Health and Human Performance, Auburn University, Auburn, AL.

Berg, W.P. (1991, January). *Approach strategies in the horizontal jumps*. Minnesota State Track and Field Coaches Clinic, Brooklyn Center, MN.

Berg, W.P. (1990, January). *Training by the energy systems*. Downtown YMCA, Minneapolis, MN.

Berg, W.P. (1988, December). *Periodization for high school track and field*. Iowa High School Track and Field Coaches Convention, Ames, IA.

External Research Grants

Berg, W.P. (1993). *The effect of strength training of the lower extremities on the three measures of mobility in older adults*. Funded by The American Federation of Aging Research - Ohio Affiliate (\$7,500).

Gilkey, R.H. (Wright State University) and participants from Miami University (including William Berg), the University of Cincinnati, and the University of Dayton. (1993). *Ohio Consortium for Virtual Environment Research (OCVER)*. Funded by the Ohio Board of Regents Investment Fund Competition (\$100,000).

In 1996, the Ohio Consortium for Virtual Environment Research (OCVER) submitted a proposal entitled *Human performance, technology, and applications* to the Ohio Board of Regents Investment Fund Competition. This proposal was not funded, however, OCVER was awarded \$590,000 through the Information Technologies Consortium (Oscar Garcia, Wright State University, P.I.), to establish a virtual environment laboratory. The laboratory was established at the Armstrong Laboratories at Wright-Patterson Air Force Base in Dayton, OH.

Wade, M.G., & Berg, W.P. (1990). *Perceptual-motor control in the long jump approach*. Funded by The Athletics Congress (\$2,000).

Internal Research Grants

Berg, W.P. (2014). *The effect of closed kinetic chain and open kinetic chain exercise on strength and onset timing of hip extensor, flexor, and abductor musculature in females*. Funded by the School of Education, Health and Society. (\$3,760).

Biller, K., & Berg, W.P. (2014). *The effect of load uncertainty on functional and muscle performance*. Funded by the Undergraduate Summer Scholars Program. (\$1,000)

Hannigan, A., & Berg, W.P. (2013). *The effect of load uncertainty on functional and muscle performance*. Funded by the Undergraduate Summer Scholars Program. (\$1,000)

Berg, W.P. (2012). *The effect of load uncertainty in therapeutic plyometric exercise on functional and muscle performance*. Funded by the School of Education, Health and Society (\$980).

Richards, B., & Berg, W.P. (2012). *The feasibility of incorporating load uncertainty into therapeutic plyometric exercise*. Funded by the Undergraduate Summer Scholars Program. (\$1,000)

Berg, W.P. (2011). *The effect of load uncertainty in therapeutic plyometric exercise on functional and muscle performance*. Funded by the School of Education, Health and Society (\$2,400).

Rush, A., Koo, J-H, & Berg, W.P (2011). Undergraduate Research Award. Collaborative study on human balance using haptic/biofeedback systems. Student investigator: Andrew Rush, Department of Mechanical & Manufacturing Engineering. Faculty advisors: Dr. Jeong-Hoi Koo, Department of Mechanical & Manufacturing Engineering, and Dr. William Berg, Department of Kinesiology & Health. (\$750).

Berg, W.P. (2009). *The effect of uncertainty about object weight on anticipatory muscle activity in catching*. Funded by the School of Education, Health and Society (\$1,480).

Berg, W.P. (2009). *The effect of loud music and cellular telephone conversation on braking force and response time*. Funded by the School of Education, Health and Society (\$1,975).

Berg, W.P., & Dessecker, D.J. (2009). *Undergraduate Summer Scholar: The effect of cellular phone conversation and music-listening on response time in braking*. Funded by the Undergraduate Summer Scholar (USS) Program. Support for Dirk Dessecker to work full-time for nine weeks, and grants to support research totaling \$1,000.

Berg, W.P. (2007). *Fatigue-induced adaptations to anticipatory postural adjustments (APAs) in non-fatigued muscles: is the central nervous system responsible?* Funded by the School of Education and Allied Professions (\$1,785).

Berg, W.P. (2006). *The effect of structural interference on age-related differences in locomotor targeting*. Funded by the School of Education and Allied Professions (\$1,477).

Berg, W.P. (2005). *Visio-motor coordination and aging*. Funded by the School of Education and Allied Professions (\$1,454).

Berg, W.P. (2004). *The effect of an alternative brake lamp display consisting of high frequency flicker on braking reaction time*. Funded by School of Education and Allied Professions (\$560).

Berg, W.P. (2001). *Aging and step length control: implications for mobility*. Funded by the Committee on Faculty Research. Award included a Research Graduate Assistantship for the 2002-03 academic year, and a \$1,930 Grant to Promote Research and Scholarship. Award declined due to incomplete funding.

Berg, W.P., & Monterotti, L. (2000). *Undergraduate Summer Scholar: Age differences in the use of visual information for controlling step length in walking*. Funded by the Undergraduate Summer Scholar (USS) Program. Support for Lindsey Monterotti to work full-time for nine weeks, and grants to support research totaling \$900.

Berg, W.P. (1999). *Visual information for controlling step length in running*. Funded by the School of Education and Allied Professions (\$590).

Berg, W.P. (1997). *Visual information for gait modifications in human locomotion*. Funded by the School of Education and Allied Professions (\$600).

Berg, W.P. (1996). *Visual information for gait modifications in human locomotion*. Funded by the Committee on Faculty Research. Award included a Summer Research Appointment for 1997, a Research Graduate Assistantship for the 1997-98 academic year, and a \$4,400 Grant to Promote Research and Scholarship.

Berg, W.P. (1994). *High-risk movement properties and leg strength in older adults: implications for falling behavior*. Funded by the Research Challenge Program (\$11,941).

Berg, W.P. (1993). *Risk factor assessment for falls and other accidents in the elderly*. Funded by the School of Education and Allied Professions (\$521).

Berg, W.P. (1992). *Risk factor assessment for falls and other accidents in the elderly*. Funded by the Committee on Faculty Research (Research Graduate Assistantship for the 1993-94 academic year).

Berg, W.P. (1991). *Risk factor assessment for falls and other accidents in the elderly*. Funded by the School of Education and Allied Professions (\$250).

Berg, W.P. (1991). *Risk factor assessment for falls and other accidents in the elderly*. Funded by the Committee on Faculty Research (Research Graduate Assistantship for the 1992-93 academic year).

Research Awards and Recognition

1994-present Level A standing on the Graduate Faculty, Miami University.

1994-present Research Fellow, Scripps Foundation Gerontology Research Center, Miami University.

2014 (December) Research on gaze behavior in the squat exercise featured in the book "*The Women's Health Little Book of Exercises*" by Adam Campbell (Rodale Publishing).

2013 (March) Recipient of the College of Education, Health and Society (EHS) Richard T. Delp Outstanding Faculty Award. Award recognizes "*active engagement in scholarship that advances the field*".

2013 (November) Research on the effect of driver conversation on braking response time was featured in The Daily Mail (MailOnline.com).

2012 (February) Interviewed by Joanne Will for an article in the Victoria Globe and Mail (Canadian newspaper). (Topic: Music listening and driving safety).

2012 (February) Interviewed by Mathieu Perreault for an article in the LaPresse newspaper (Montreal, Canada). (Topic: Music listening and driving safety).

2010 (August) Research on the effect of driver conversation on braking response time featured in Men's Health Magazine.

2007 (May) Research on the effect of gaze behavior on the kinematics of the squat exercise featured in Flex Magazine.

2005 Guest on the November 6th broadcast of Viewpoints, a syndicated weekly public affairs radio program broadcast on 320 stations nationwide. (Topic: Hands-free cell phones and driving safety).

2001 Guest on the June 22nd broadcast of WMUB Forum, a weekly public affairs radio program broadcast from Oxford, OH. (Topic: Cell phones and driving safety).

2000 (October) Results of a study by Irwin, Fitzgerald and Berg (2000), *The effect of the intensity of wireless telephone conversations on reaction time in a braking response*, were reported nationally by dozens of new outlets.

2000 (November) Interviewed by Navigator Magazine, published by Pace Communications. (Topic: Cell phones and driving safety).

1998 (May) Interviewed by New Choices Magazine. (Topic: The effect of age-related declines in muscular strength and vision on driving safety).

1994 School of Education and Allied Professions Assistant Professor Research Award, Miami University.

1993 (May) Research featured in "*The fear of falling*", Cincinnati Enquirer newspaper, Cincinnati, OH.

1992 (November) Research featured in "*Miami professors seek to prevent seniors' serious falls*", Hamilton Journal-News newspaper, Hamilton, OH.

1992 (October) Research featured in "*Miami professors explore cause of falls*", Oxford Press, Oxford, OH.

Service

Service to the University

Membership on University Committees

Faculty Welfare Committee, 2013-16

Instrumentation Laboratory Advisory Committee, 2010-16

Departmental representative to the Miami University Faculty Senate, 1999-2002 (on leave fall 2001), 2004-05

Small Grants Subcommittee of the Committee for the Enhancement of Learning and Teaching (CELT) 2000-04

Chair of the Committee for the Enhancement of Learning & Teaching (CELT), 2002-03.

CELT administered all grants, awards, faculty learning communities, seminars and other events sponsored by both the Committee and the Center for the Enhancement of Learning and Teaching (now Center for Teaching Excellence). The year I chaired the Committee, it also evaluated all departmental teaching evaluation plans (40+), as well as developed a proposal for a new Center for the Enhancement of Learning and Teaching at Miami. The proposal was presented to Provost Ronald Crutcher in March, 2003, and was accepted in its entirety in April, 2003.

Committee for the Enhancement of Learning & Teaching (CELT), 2000-03

Business, Education and Social Science Subcommittee of the Committee on Faculty Research, 1995

Learning Technologies Enrichment Program (LTEP) Proposal Review Committee, 1995

Adult Health Development Program (AHDP) Steering Committee, 1994

Membership on College Committees

Advisory Committee on Tenure and Promotion, 2018-present

Governance Committee, 2009-13 (**Chair** 2009-11), 2015-19, 2022-present

Dean's Advisory Council, 2007-09, 2021-23

Ad Hoc Committee on Assessment, 2020-22

Delp Outstanding Faculty Award Selection Committee, 2014-15, 2022

Strategic Planning Committee – Faculty Recruitment and Retention (**Chair**), 2019-20

Academic Appeals Board, 1995-97, 2002-04, 2009-10, 2016-19

RCM Budget Committee, 2013-19

Technology Committee, 2000-01

Committee for the Advancement of Scholarship and Teaching, 1997-99

Institute for Educational Renewal (IER) Technology Team, 1995

Computer Policy Committee, 1991-92

Membership on Departmental Committees

Chair of Ad Hoc Committee on Quasi-Endowment Revenue Budgeting (2023-present)

Governance Committee, 2008-present (**Chair** 2008-17, 2020-present)

KNH Strategic Plan Subcommittee (2020-21)

Chair of Financial Priorities Committee (2017-19)

Alan Ingham Lecture Committee, 2018-19

Chair of Ad Hoc Committee on Financial Priorities (2016-17)

Search Committee for tenure track position in sport leadership and management, 2016

Search Committee for tenure track position in kinesiology, 2014-15

Graduate Committee, 1992-94, 2012-14

Personnel Committee, 1998-2000, 2013-14

Search Committee for clinical position in sport leadership, 2010-11

Committee to adopt an online course/instructor evaluation system, 2010

Chair of Course/Instructor Evaluation Instrument Committee, 2010

Program Review Core Committee, 2008-09

Undergraduate Committee, 1994, 2007-08

Search Committee for two positions (clinical and tenure track) in dietetics, 2007-08

Chair of Search Committee for a tenure track position in physical education/motor behavior, 2006-07

Chair of Committee to revise the department governance document's section on tenure and promotion, 2006-07

2008-13 Strategic Plan Subcommittee (teaching and advising goals), 2006-07

2008-13 Strategic Plan Subcommittee (operations, development and governance goals), 2006-07

Chair of Department Teaching Evaluation Plan Committee, 2004-07

Chair of Course/Instructor Evaluation Instrument Committee, 2004
 Search Committee for department chairperson position, 2002-03
Chair of Committee on Technology and Equipment, 2000-01
 Search Committee for tenure track position in biomechanics/functional anatomy, 2000-01
Chair of Search Committee for visiting position in biomechanics/functional anatomy, 2000
 Committee on Enrollment Management, 1998-2000
Chair of committee to merge KNH 202 and 203: Introduction to and Integration of Kinesiology and Health
Chair of Undergraduate Curriculum Feasibility Committee, 1998-99
 Committee on the self-study report for accreditation of the athletic training education program, 1994-96
 Phillips Hall Renovation Committee, 1992-96
 Committee on Teaching and Advising Effectiveness, 1991-92

Other Service to the Department, Division and University

Led effort to establish an affiliation agreement with the University of Toledo's doctoral program in occupational therapy. Affords Miami students the opportunity to apply a year early.
 Departmental liaison for Faculty Alliance of Miami, 2023-present
 Miami University pre-physical/occupational therapy adviser, 2007-present
 Advisor to Miami University Parkinson's Together Club, 2023-present
 Advisor to Miami University Pre-Physical/Occupational Therapy Club, 2007-present
 Advisor to Miami University Ukulele Club, 2020-present
 Conducted colleague teaching/course evaluations for Drs. Valeria Freysinger (1992), Ron Iannotti (1995), Helaine Alessio (1996), Jay Kimiecik (1998), Mark Walsh (2003, 2012), Rick Wetzel (2012) and Shane Fudge (2014), Beth Miller (2023), Department of Kinesiology, Nutrition, and Health.
 Faculty advisor to the Miami University Student Track and Field Club, 2008-09
 Exercise Science Undergraduate Program Leader, 1994-97, 2004-09
 Coordinator of department faculty/student publications display, 1992-2008
 Faculty mentor for Dr. Mark Walsh, assistant professor, Department of Kinesiology and Health, 2002-2007
 Departmental library representative, 1992-2004
 Leader of benchmarking project for exercise science program, 2002-04
 Project participant in Documenting Effective Educational Practice (DEEP), 2003
 Mentor for Alumni Teaching Scholar, Dr. Glenn Stone, Dept. of Family Studies & Social Work, 2000-01
 Coordinated improvement of KNH Department web site, 2000-02
 Presented at Technology Expo 97, Miami University. *Computer-assisted video measurement of movement*, 1997
 Hosted participant in the Executives-in-Residence Program, 1994

Service to the Profession

Editorial Responsibilities

Guest Editor, Special Issue of *Brain Sciences*: "Advances in the Study of Anticipatory Postural Adjustments" (2023-present)
 Editorial Board, *Motor Neuroscience*, 2022-present. *Motor Neuroscience* a specialty section of *Frontiers in Human Neuroscience* published by Frontiers.
 Topics Board, *Brain Sciences*, 2020-present. *Brain Sciences* is an international journal on neuroscience published by MDPI.
 Editorial Board, *Human Movement Science*, 1999-present. *Human Movement Science* is an international multidisciplinary journal on human motor control and learning, published by Elsevier.
 Editorial Board, *Journal of Excellence in College Teaching*, 2002-04

Guest Journal Manuscript Reviewer: Reviewed manuscripts for the following 54 scholarly journals.

Book Reviewer: Books reviewed include:

Motor Control by N. Stergiou. Holcomb Hathaway Publishers, 2010

Acquiring Movement Skill: A Constraints-Led Perspective by K. Davids, C. Button, and S. Bennett. Human Kinetics Publishers, 2004 (*published as Dynamics of Skill Acquisition: A Constraints-Led Approach*, 2007)

Coordination and Control of Movement in Sport: An Ecological Perspective by K. Davids, C. Button, and S. Bennett. Human Kinetics Publishers, 2003

Motor Learning and Performance (3rd Edition), by R. Schmidt and C. Wrisberg. Human Kinetics, 2003

Motor Control and Learning (3rd Edition) by R. Schmidt and T. Lee. Human Kinetics Publishers, 2001

Motor Learning and Control for Practitioners by C. Coker. Mayfield Publishing Company, 2000

Motor Learning and Performance (2nd Edition) by R. Schmidt. Human Kinetics Publishers, 1996

Grant Proposal Reviewer

Israel Science Foundation, 2004

American Federation of Aging Research, 1997

Conference Organization

Member of Organizing Committee for the annual conference of the International Society for Biomechanics in Sports (ISBS) held at Miami University, Oxford, OH on July 21-25, 2019. There were 220 participants from 28 countries, and 15 corporate sponsors.

Organized symposium entitled *Does Lower Extremity Strength Contribute to Stability in Older Adults?* at the 1998 (October) Annual Conference of the Midwest Chapter of the American College of Sports Medicine (MWACSM) in Cleveland, OH. Participants included M. Pavol, T. Owings, and M. Grabiner from the Department of Biomedical Engineering, Cleveland Clinic Foundation, Cleveland, OH.

Coaching Education

National curriculum coordinator (training theory) for The Athletics Congress (TAC) Coaching Education Program, 1991-93.

The Athletics Congress (USA Track & Field) Coaching Education Executive Committee, 1991-93.

Instructor for seven Level I & II schools in Provo, UT, Colorado Springs, CO, and Minneapolis, MN (1986-93).

Membership in Professional Associations

International Society for Ecological Psychology (ISEP), 1989-92, 2010-present

North American Society for the Psychology of Sport and Physical Activity (NASPSPA), 1989-present

American College of Sports Medicine - Midwest Chapter (MWACSM), 1998-present

The Gerontological Society of America (GSA), 1993-2021
