Q: WHAT DO ALL OF THE FOLLOWING ORGANIZATIONS AND BUSINESSES HAVE IN COMMON?

- | | | |
|---------------------------------|-------------------------|------------------------------------|
| Cincinnati Children's Hospital | Great Miami Valley YMCA | Mercy Health |
| City of Middletown | Hamilton City | Northwestern Mutual |
| FC Cincinnati | Urban Forestry | Premier Health |
| Fidelity Investments | Kettering Health | Procter & Gamble |
| Fitton Center for Creative Arts | Marriott Bonvoy | The Cincinnati Insurance Companies |
| | Medpace | |

A: THEY ALL RECRUIT MIAMI REGIONALS GRADUATES.

Value is a two-way street

In a recent study, the vast majority of college graduates found value in their degree. It helped them to grow personally and intellectually, opened doors to job opportunities, and helped them develop skills and knowledge that they could use in the workplace.

But value is a two-way street. If you're like a lot of students, you may find it hard to balance the **value of a degree with the cost of earning it.**

We've got both sides of the value street covered.

When you choose Miami University Regionals, you are earning a highly respected Miami University degree at one of the lowest four-year tuition rates in Ohio. We make it easy for you and your family to plan with programs like our Tuition Promise, which freezes tuition for first-time undergraduate students for four years — **this means you can plan ahead and your tuition cost wont go up.**

We also offer need-based financial aid and scholarships; academic scholarships; and a slate of unique programs like Service+ AmeriCorps, STEM Scholars, Work +, Miami Hamilton Promise, and Miami Middletown Rising to help you finance your education. Learn more at [MiamiOH.edu/Regionals/Financial-Aid](https://miamiOH.edu/Regionals/Financial-Aid).

98%

OF 2021-2022 BACHELOR'S DEGREE GRADUATES WERE EMPLOYED, FURTHERING THEIR EDUCATION, SERVING IN THE MILITARY OR A SERVICE PROGRAM WITHIN 6 MONTHS OF GRADUATION

DEPARTMENT OF

Biological Sciences

DEGREES OFFERED:

Bachelor of Science, Applied Biology/Environmental Biology
Bachelor of Science, Applied Biology/Human Biology & Health Sciences
Bachelor of Science, Applied Biology with direct admission to
Master of Athletic Training

CAREER OPPORTUNITIES:

Athletic Trainer / Conservation Coordinator / Environmental Consultant /
Field Study Technician or Field Biologist / Lab Technician / Natural
Resource Manager / Pharmacy Sales or Technician / Lab Technician /
Research Assistant / Medical School / Graduate School

Do you see yourself working to improve the environment or making habitats better for wild animals? Or maybe you want to explore what makes the human body tick. Majors offered in the Department of Biological Sciences offer a range of courses that provide a solid background in two primary concentrations for the B.S. in **Applied Biology**: Environmental Biology and Human Biology & Health Sciences. Each concentration trains students in critical thinking, scientific inquiry, and the application of science to societal issues.

Both areas of study offer you the opportunity to engage in research and field projects, connecting you with other students and professionals to create a long-lasting network. Our undergraduate research has a national reach with local implications.

Live out your passion at [MiamiOH.edu/Regionals/BSC](https://miamiOH.edu/Regionals/BSC)

CONCENTRATIONS

The Human Biology & Health Sciences concentration focuses on coursework preparing you for health-related careers, employment within biomedical sciences companies like Medpace, and attending professional health sciences school.

Interested in athletic training? Students in the Human Biology & Health Sciences concentration will receive direct admission into the Bachelor's in Applied Biology taught on the Regionals and the **Master of Athletic Training** program offered on the Oxford campus sequentially. Students develop ties with their classmates as well as athletic training professionals early in this program to start building a solid foundation of knowledge and skills.

The Environmental Biology concentration focuses on courses in biology, chemistry, geology, and math that better prepare you for careers related to sustaining the environment and wildlife protection.

Sam Boudinot '25

Major: Applied Biology (Environmental)

Summer '24 Internship: U.S. Fish & Wildlife Service, Maryland

"What interested me the most (about my summer internship) was gaining hands-on job experience. I hope to learn how the wildlife biologist jobs work and what the job entails."

DEPARTMENT OF

Commerce

DEGREES OFFERED:

- Associate of Applied Business, Commerce
- Bachelor of Science, Digital Commerce
- Bachelor of Science, Hospitality Management
- Bachelor of Science, Sales Management
- Bachelor of Science, Small Business Management

CAREER OPPORTUNITIES:

- Social Media Specialist / Digital Marketing Manager /
- Sales Manager / Event Planner / Small Business Owner /
- Insurance Officer / Web Specialist / Graduate School

The Department of Commerce offers four bachelor's degree programs and an associate degree program, all designed to help you meet the needs of businesses.

Invest in your future at [MiamiOH.edu/Regionals/CMR](https://miamiOH.edu/Regionals/CMR)

◀ Jadlynn Thomas '24

Degree: Sales Management

"Before I started at Miami, my new job would have been too intimidating for me. Today, I'm looking at how far I can go. I feel more energetic at work. I want to move up."

Student Spotlight

Our **Associate of Applied Business** is an option for those with relevant work experience who want to move into a management role, and for people who want to gain an understanding of business, marketing, and entrepreneurship.

DIGITAL COMMERCE

Students majoring in Digital Commerce will develop the skills needed to create and manage digital commerce operations, and develop and administer web and social media campaigns, all while using data analytics to measure success and improve outcomes.

SALES MANAGEMENT

Are you a people person? If so, the bachelor's degree program in Sales Management may be for you. The major emphasizes selling, sales management, and business-to-business marketing. You'll learn negotiation skills, selling best practices, sales strategies, and resolving customer and sales team complaints.

HOSPITALITY MANAGEMENT

The hospitality market is booming, and our major in Hospitality Management is designed to help you be a part of that boom. Students gain an in-depth understanding of industry best practices, special event planning, sanitation and safety principles, and customer service.

SMALL BUSINESS MANAGEMENT

The Small Business Management major draws courses from various disciplines to prepare students to work as a business analyst, business consultant, insurance officer, management officer, marketing consultant, sales and account manager, or small business owner.

DEPARTMENT OF

Computer and Information Technology

DEGREES OFFERED:

- Associate in Applied Science, Computer and Information Technology
- Associate in Applied Science, Computer Technology
- Bachelor of Science, Cybersecurity and Networking
- Bachelor of Science, Information Technology

FOCUS AREAS OF STUDY

Agile, Software Development, or Self-design

CAREER OPPORTUNITIES:

- Data Analyst / IT Support Specialist / White Hat Hacker / Network Administrator / Medical Device Integration Specialist / Security Analyst / Scrum Master / Software Developer / Graduate School

Discover your potential at [MiamiOH.edu/Regionals/CIT](https://miamiOH.edu/Regionals/CIT)

ARE YOU LOOKING TO GAIN SKILLS AND KNOWLEDGE TO PROVIDE TECHNOLOGICAL SOLUTIONS USING COMPUTER SYSTEMS TO PRODUCE, STORE, RETRIEVE, ANALYZE, AND SEND INFORMATION?

MAJORS

The **Computer Technology** program allows you to apply your credits toward a bachelor’s degree in one of several online or on-campus computing programs at Miami, providing you with a practical and versatile education that can be tailored to your needs.

Our **Computer and Information Technology** major focuses on the development and support of computing systems. Choose between focus areas in Agile, Software Development, or Self-Design, which are essential to computing.

The **Information Technology** program is a comprehensive study that prepares students to support the computing infrastructures and needs of individuals and organizations across a variety of domains. Students gain a broad foundation of knowledge in information technology, ensuring they are well-prepared for the challenges of the industry.

NEW MAJOR

Miami University Regionals newest major is **Cybersecurity and Networking**, which is offered fully online. The job outlook for cybersecurity professionals is excellent, with the U.S. Bureau of Labor Statistics (2022) projecting that the number of information security analyst positions will increase by 32% through 2032. That’s seven times the average growth rate for all occupations.

◀ Nathaniel Nole '27

Major: Cybersecurity and Networking

“Because of my prior military service, I dealt with crypto a lot, TDL, and cybersecurity was a big part of that. (The Cybersecurity and Networking major) is for somebody that wants to try and make a difference - trying to stop scamming and hackers.”

DEPARTMENT OF

Education and Society

DEGREES OFFERED:

Associate in Applied Science, Prekindergarten Education 🎓

Bachelor of Science, Primary Education PK-5

CAREER OPPORTUNITIES:

Elementary, Head Start, or Preschool Teacher / Camp Program Director /
Childcare Director / Court Services Advocate / Daycare Owner /
Education Coordinator / Preschool Program Coordinator / Graduate School

Do you enjoy teaching, training, and educating others? Do you want to be a change agent in your community? The Department of Education and Society offers pathways to education, social justice, and licensure programs in a wide variety of subject areas.

Our **Prekindergarten Education** major prepares you to care for and educate children up to five years of age who are not yet in kindergarten. Many of our graduates are employed in public and private childcare centers, preschools, and Head Start facilities, both as teachers and administrators.

The Regionals **Primary Education** Cohort is a highly-selective cohort and is specifically for Regionals students looking to work in a PK-5 setting. The program is led by Oxford's Teacher Education Department and is housed at the Hamilton campus.

You can complete the first half of your degree program at the Regionals, and the second half at the Oxford campus in Kinesiology, Nutrition, Public Health, Sport Leadership and Management, Social Work, and Teacher Education. In addition to coursework, you will have the opportunity for field placements and internships in these programs of study.

Bailey Allen '24

Degree: Prekindergarten Education

"Starting back (to college) as a single mom was a terrifying idea for me. Miami Regionals provided a flexible opportunity, close to home for me to expand my education. The staff has always been more than welcoming and have been very passionate about helping me succeed."

DEPARTMENT OF

Engineering Technology

DEGREES OFFERED:

Associate in Applied Science, Electrical & Computer Engineering Technology
Associate in Applied Science, Mechanical Engineering Technology
Bachelor of Science in Applied Science, Electrical & Computer Engineering Technology
Bachelor of Science in Applied Science, Electro-Mechanical Engineering Technology
Bachelor of Science in Applied Science, Mechanical Engineering Technology
Bachelor of Science in Applied Science, Robotics Engineering Technology

CAREER OPPORTUNITIES:

Robotics Systems Engineer / Wireless Communication Specialist /
Medical, Energy, or Environment Systems Engineer / Computer Aided
Designer / Electronics or Biomedical Technologist / Manufacturing
Engineer / Product Designer / Field Engineer / Graduate School

Miami University Regionals programs in Engineering Technology emphasize the applied aspects of science and engineering. Each program requires a thorough understanding of applied mathematics and engineering sciences, and students have the opportunity to earn an associate degree or level up with our bachelor's degree completion program. We also offer 2+2 transfer pathways to help you achieve your career goals.

Three of the majors — Electrical and Computer Engineering Technology, Electro-Mechanical Engineering Technology, and Mechanical Engineering Technology — **are accredited by ABET, Inc.**, the recognized accreditor of college and university programs in applied science, computing, engineering, and technology.

Engineer your future with us at [MiamiOH.edu/Regionals/ENT](https://miamiOH.edu/Regionals/ENT)

PROGRAMS

The **Electrical & Computer Engineering Technology** program prepares students to fill industrial positions in areas directly related to product design, process control, testing, manufacturing, sales, and service.

The **Electro-Mechanical Engineering Technology** program enables graduates of Electrical, Mechanical, Electro-Mechanical, and similar associate degree engineering technology programs to complete their bachelor's degree.

The **Mechanical Engineering Technology** program focuses on the applied aspects and design of mechanical components of mechanisms, machines, and systems of machines. Graduates of the program are eligible to sit for the engineer-in-training examination within the state of Ohio and those with a bachelor's degree may also continue their education at the graduate engineering technology/engineering levels.

The field of robotics is quickly growing, and Miami University Regionals program in **Robotics Engineering Technology** is helping to meet the need for qualified professionals.

The Global Industrial Robotics Market Size was valued at \$38 billion in 2020, and is projected to reach \$163 billion by 2032.

[MiamiOH.edu/Regionals/Goals](https://miamiOH.edu/Regionals/Goals)

PROGRAMS

Communication Studies allows you to leverage your passion for making connections and enhance your skills to work in a wide variety of careers, including training and development manager, meeting and event planner, marketing coordinator, public relations specialist, or sales manager.

Integrative Studies is a self-designed bachelor's degree that allows you to create a degree that suits your career and professional goals. By selecting from 14 concentrations, such as Organizational Leadership, Health Communication, Environmental Studies, Health or a self-designed concentration, you can build a curriculum that matches your academic and workforce advancement needs.

Ranked as the most affordable program of its kind in the Midwest by LiberalArtsEDU.org, **Liberal Studies** is an innovative program designed to help students with 60+ credit hours complete their degree. Advisors will work with you to determine courses needed to "fill in the gaps" academically so you may graduate as quickly as possible.

DEPARTMENT OF

Justice and Community Studies

DEGREES OFFERED:

Associate in Applied Science, Criminal Justice
Bachelor of Science, Criminal Justice
Bachelor of Science, Criminal Justice and Social Work

CAREER OPPORTUNITIES:

Police, Corrections, Park, Emergency, or Child Services Officer /
Bailiff / Court Systems Personnel / Security Manager / Social
Worker / Victim Advocate / Graduate School

A degree in **Criminal Justice** is designed to prepare you for in-demand careers in the U.S. criminal justice system, including law enforcement, corrections, courts, and private security. Faculty of the program strongly believe that Criminal Justice graduates need to have a deep understanding of criminal justice systems; possess strong communication and analytical skills; be aware of globalization and be sensitive to diversity; be adaptive, critical, and independent thinkers; appreciate what it means to be a good local and global citizen; and apply what they learn in the classroom in the field.

Because social factors play such a role in crime and delinquency, and due to the need for social workers who understand the criminal justice system, the department offers a double major in **Social Work** and **Criminal Justice**.

"I appreciate that the Regionals offers several sections of statistics courses. My Statistics 261 professor went above and beyond to help me and my peers understand the course material."

DEPARTMENT OF

Nursing

DEGREES OFFERED:

Bachelor of Science, Nursing
Master of Science, Nursing

ACADEMIC PATHS

Family Nurse Practitioner
Nurse Executive Leadership

Doctor of Nursing Practice

CAREER OPPORTUNITIES:

Career opportunities in various nursing areas including:
Emergency Department / Obstetrics / Women's Health /
Pediatrics / Community/Public Health / Medical-Surgical /
Mental Health / Intensive Care / Clinical Education /
Case Management

With advanced degrees, career opportunities include:
Family Nurse Practitioner / Chief Nurse Officer /
Nurse Manager / Executive Nurse Leader

The demand for nurses is projected to increase more than any other profession due to the increased care needs of the aging population and the anticipated retirement of seasoned RNs in the field. Miami University Regionals is poised to meet that need by offering programs at the bachelor's, master's, and doctoral levels.

Make a difference at [MiamiOH.edu/Regionals/NSG](https://miamiOH.edu/Regionals/NSG)

UNDERGRADUATE NURSING

Accredited by the Commission on Collegiate Nursing Education, Miami's undergraduate Nursing program provides a balance of liberal arts and professional nursing courses. Our emphasis is on the nursing process and student exploration opportunities for health promotion, prevention, restoration, and maintenance with clients, families, and client groups in a variety of diverse healthcare environments.

Students will learn at the new Nursing Innovation Hub on the Hamilton campus, a \$10 million facility that features four fully wired, high-technology classrooms; four high-fidelity simulation labs; and a multi-bed skilled nursing area.

Clinical experiences add a hands-on, real-life experience to round out classroom and laboratory work. Graduates will be qualified to take the National Council Licensing Examination-RN to become a registered nurse nationwide.

MASTER OF SCIENCE IN NURSING

The Master of Science in Nursing degree features two tracks designed to prepare students for the next step in their career: **Family Nurse Practitioner** and **Nurse Executive Leadership**. Online classes, clinical work, and a mid-program on-campus immersion skills weekend in the summer give you the rigorous training you need to earn your master's degree in less than two years. A bachelor's degree in Nursing is required for admission.

DOCTOR OF NURSING PRACTICE

Miami's Doctorate of Nursing Practice program prepares candidates for future careers in organizational/systems leadership roles. The DNP requires traditional classwork — all conducted online — and practicum courses.

DEPARTMENT OF

Social and Behavioral Sciences

DEGREES OFFERED:

- Bachelor of Arts, Psychological Science 
- Bachelor of Arts, Psychological Science + Child Life Specialist Certificate
- Bachelor of Arts, Psychological Science + Master of Social Work

CAREER OPPORTUNITIES:

- Mental Health and Substance Abuse Social Worker / Social and Community Service Manager / Licensed Clinical Social Worker / Human Resources Adviser / Psychiatric Technician / Graduate School

Are you passionate about helping people or understanding human or animal behavior? Do you recognize the importance of developmental, behavioral, social/cultural, abnormal, and cognitive psychology, as well as research methods and statistics? Then **Psychological Science** may be the right major for you.

Students have the opportunity to conduct independent and small-group research with faculty, and experiential and service-learning opportunities are available.

Plan your future at [MiamiOH.edu/Regionals/SBS](https://miamiOH.edu/Regionals/SBS)

If your career goal is to be a licensed clinical social worker in healthcare, academia, a government institution, or another sector, a bachelor's degree in Psychological Science with a master's degree in Social Work can help you achieve that goal in just five years. Through strategic course planning, it only takes an additional year to earn a **Master of Social Work** degree after graduating with a B.A. in Psychological Science. The 4+1 program saves you time and money compared to taking the traditional master's degree route, and also allows you to enter the workforce sooner, enhancing your earning potential quicker.

1 of 2

Miami University is one of only two universities in the state of Ohio to offer a **Child Life Specialist Certificate** to undergraduates and graduate students of the Psychological Science program. The certificate is ideal for students interested in pursuing a career in the field of child life in a human services setting.

◀ Ethan Wilson '23

Degree: **Applied Social Science**

"Looking back, I didn't even want to go to college at first. Now, I realize, with everything I went through, college taught me how to deal with life. Everyone at Miami has been so helpful. I couldn't have done it all without them."
