

Plan of Study for Sinclair Community College Associate of Applied Science in Criminal Justice Science/Law Enforcement to Miami University Bachelor of Science in Criminal Justice:

The plan of study below illustrates: (1) how a student can complete an Associate of Applied Science in Criminal Justice Science/Law Enforcement degree at Sinclair Community College and how those courses transfer to Miami University, and (2) what courses the student needs to complete at Miami in order to earn the Bachelor of Science degree in Criminal Justice at Miami University. Please note the matches in this document indicate specific courses you may be awarded after successfully completing those courses and transferring to Miami University.

Students completing the OT36 through their General Education credits will have completed most requirements for Miami Plan Perspectives Areas and Signature Inquiries. Students entering Miami having completed the OT36 must complete 9 credits of Signature Inquiry, however this may be met by matching equivalent Perspectives courses that have a Signature Inquiry designation. Students will also need to complete coursework in Global Citizenship (Intercultural Consciousness or Global Inquiry for 3 credits), Knowledge in Action: Experiential Learning (0 credits), and a Senior Capstone (3 credits).

Courses that do not have a Miami University equivalent will be recorded as "T" courses on the student's Miami University academic record. With the assistance of an academic advisor, students can petition for some "T" courses to count toward Miami University degree requirements.

FIRST YEAR							
Sinclair College				Transfer Equivalent			
SUBJECT CODE	COURSE NUMBER	COURSE TITLE	CREDIT HOURS	SUBJECT CODE	COURSE NUMBER	COURSE TITLE	CREDIT HOURS
