

Graduate Nursing Badges and Miami University IDs

Required Badge:

All MSN students are required to have an updated Miami MSN student badge for their clinical/practicum experiences. Miami will provide each MSN student with their Miami MSN photo ID. Before this identification card can be made students must submit a current photo. If you are a Miami Alumni there is likely a photo on file but it may be outdated. All students must submit an updated photo by **September 30, 2022**.

[Submit Your Miami ID Photo](https://www.miamioh.edu/campus-services/home/miami-ids/submit-miami-id-photo/index.html)

<https://www.miamioh.edu/campus-services/home/miami-ids/submit-miami-id-photo/index.html>

Badges will be printed after September 30, with your updated photo, and MSN title, and mailed to you. These will be required for your clinical rotations. Lost badges will need to be replaced at student cost, so please keep these in a safe place!

Optional Badge:

If you would like a digital Miami campus ID, there are instructions about how to do that on this [page](#). This will give you access to some on-campus resources, however, as an online student, you may never need it.
